

## District 3 balances budget

The Catholic School Board brought in a budget Monday night which called for a supplementary requisition of \$810,797.75, an increase of 28.04% over the figure for 1977 (\$633,212.).

Ken Porter, finance and audit committee chairman, said the 1978-79 budget reflected "a shifting of the financing for education from the government to our parents. The supplementary requisition requested from the City has increased 28.04% over the 1977 actuals whereas the combined School Foundation Program funds and grants from the government has increased only 4.9% over the 1977 actuals. Our actual increase to the ratepayers was 14.42% said Mr. Porter, the

other 13.62% increase in supplementary requisition (is due to the assessment growth in 1978," he added.

A Catholic system ratepayer whose assessment is \$36,000 will be contributing \$260.64 to the district by way of taxation. The increase over last year is \$32.84.

Earlier this spring the board passed a motion which increased the pupil/teacher ratio to 20.81/1 from 19.67/1 a move largely responsible in making it possible to avoid deficit financing or a cut back in services.

The Board will continue to provide busing to all students in grades 1 through 12 in St. Albert with no additional charge to parents. Students who attend St. Please Turn to Page 7

## A Bird's Eye View

Hovering at 300 feet above the City of St. Albert, MLA Ernie Jamison points out on the annexation map the area covered by St. Albert's three annexation proposals to Municipal Affairs Minister Dick Johnston. The three annexation proposals, if approved in total, would increase the size of S.A. by roughly 9000 acres or more than twice the present area of St. Albert. Mr. Jamison also pointed out the Star-Key Mine Site, a 30 year supply of coal for the Inland Cement Plant and the large gravel and sand pits just west of St. Albert (near Villeneuve), which supply the greater Edmonton area including St. Albert. The west by-pass alignment was also pointed out to Mr. Johnston, which if constructed, would alleviate most truck traffic off the trail and much vehicle traffic travelling to the NW part of the province.

## Annexations seen from helicopter by Johnston and Jamison

Last Thursday afternoon flying at 300 feet in a helicopter, Ernie Jamison MLA and Dick Johnston, Minister of Municipal Affairs observed first hand the three areas proposed for annexation to the City of St. Albert.

As reported last week Bill 24, an amendment to the Municipal Government Act, now gives the Minister authority for altering, approving or rejecting annexations approved by the Local Authorities Board. "It was for this reason," said Mr. Jamison, "that I initiated the helicopter tour, to give the Minister a 'Bird's Eye' view of the lands involved in the Genstar NW Sector annexation (1900 acres), the City of St. Albert annexation SE (4800 acres) and the St. Albert Investments proposal for annexation to the Northeast (1700 acres)."

Also included in the trip was a first-hand view of the

proposed West Bypass alignment, the area proposed for extending Riel Industrial Park in St. Albert, the Campbell Park industrial site, Morinville's new industrial park, the Starkey Mine site and a look at the traffic

on St. Albert Trail.

The Minister has arranged a joint meeting next week with all the mayors and reeves in the greater Edmonton area. Mayor Ron Harvey of St. Albert and Reeve Bill Flynn of MD

Sturgeon will be in attendance, as will Mayor Purves of Edmonton.

Mr. Jamison said that a decision on the three proposals for annexation to St. Albert is expected in the not-too-distant future.

## Action group against six-lane corridor splitting city

### Going to council June 5

An action group from Sturgeon area drew some 65 people to a meeting last Friday night in Vital Grandin School, all of them adamant that there should be no further development of Highway 2 within St. Albert without a "proper plan." There was also a very strong consensus that turning the highway into a six-lane major corridor was NOT the way to go. (St. Albert has applied to the government for "corridor" designation through St. Albert, which would mean the government would provide 90 percent of the funding).

"A SIX LANE FREEWAY WILL SPLIT THE CITY RIGHT DOWN THE MIDDLE" said one man, and Chairman Bob Hite said he would absolutely not let his child cross the highway. It was pointed out that some children have to cross to go to school, and that accidents were certain to take place, with injury and death to children a definite possibility.

Other major concerns brought out by the citizens were noise and dust control, the fact that "spot buying" was already taking place in the Sturgeon residential area by realtors, which should be stopped, and that strip commercial development along the

west side in piece-meal fashion should also be stopped.

As the meeting proceeded it also became clear that the chairman and several other members of the interim executive of the Sturgeon Action Group felt that it was necessary to hire their own lawyer and consultant and establish a trust fund for this purpose. "We must have expertise on our behalf," said Mr. Hite. "The city has their planning consultants and experts, and when their consultant comes up with a plan council either rejects or accepts it - WITHOUT any public input. This could happen again, so we have to have our input backed up by a consulting firm. If not we must develop our own plan."

"I was advised that a proper plan costs money," Mr. Hite continued, "and when we request a Municipal Planning Commission meeting that we be able to work with MPC - MPC was not willing."

Other residents felt that the cost of a proper plan should be the responsibility of the town. "This corridor would not be desirable in any city," said another man. "It's a big problem - consider the funding. Please Turn to Page 2

## MPC hangs tough on local developers

A St. Albert Optometrist Dr. Don LeDrew who wants to develop an office commercial building near the St. Albert United Church had some tough words for the city Municipal Planning Commission meeting May 24.

It became clear that Dr. LeDrew was going to have to foot a \$30,000 bill for the dedication of a service road leading out to the Trail, a road which is far from being a certainty at this stage.

Concerning this condition for the development, Dr. LeDrew told the commission: "To dedicate a service road is an unfair cost to me and just makes the whole thing out of line ... I would not be against it in the future, but at this time there is nothing definite about a service road."

He said dedication of the service road at this point

"makes it difficult to swing."

"If I give up \$30,000, I have to give up another \$30,000 just to make it work," he added.

Dr. Le Drew told the commission that considering he thought he was doing something that would benefit St. Albert, there were "an awful lot of requirements for a developer to get into."

Municipal Planning Commission Chairman Barry Breadner had commented earlier to Dr. Le Drew: "As far as a point of no return, I think this is your decision."

When it came time for MPC to make a decision, on the development, Alderman Bill Shields suggested it should be held in abeyance till some of the questions raised had been gone into more thoroughly.

Please Turn to Page 7

## No agreement at District 6

There was no resolution of differences between the ATA and St. Albert Protestant Separate School District 6 at a conciliation meeting held Monday. It now looks doubtful if the conciliator will be able to bring the two sides together.

There have been no further steps taken at present and both sides are awaiting the conciliators report which will come down

within two weeks.

He may recommend an agreement which each side has the option of accepting or rejecting; or he may recommend that the teachers and the school board go to arbitration.

It is not likely that either party would be willing to accept binding arbitration but the present course of action could end up that way.

## six lane corridor

Continued From Page 1  
If council can get the province to pay 90 percent, that's a quick solution to the city's problem. An alternative would cost them more. But we shouldn't have to pay the costs of an alternative plan - those costs should be on the town."

### CITY STAFF NOT CO-OPERATIVE

Jim Nichols, treasurer of the interim executive was irate at the attitude of the planning and engineering departments at town hall. "No information was available and no maps from town hall staff he said. They wouldn't even admit knowledge of any widening of the highway, or the Ball Estate brief. Everyone was very secretive," Mr. Nichols added that Mr. Hite was however told by the mayor that six lanes were planned, with nothing to be taken off the east side of the highway.

Mr. Hite stated that there were three or four recommendations that the city staff didn't "live with." For example, he said, the recommendation from MPC that commercial development on the east side be allowed. Staff felt there wasn't sufficient typographical information to proceed. There is also a recommendation that nothing be developed within 25 feet of the ravine, but Mr. Hite noted that the city "will entertain development proposals."

"The city has their planners, but we will bring a plan to council also," he said, "so we can maintain our neighbourhoods."

"You must have some input from the city," said a man in the audience. Mr. Nichols replied that "we will do that, but the present General Plan will degrade our neighbourhood - and the six lanes are in the General Plan. "In that case you have a hell of a problem," said the citizen. Council should have told the people about the six-lane plan particularly.

Another man pointed out that there was no way the widening could be done on both sides - the St. Albert Inn is there. "There is no way to try and fight with \$100 donations - council should help us out, and we have to stop commercial development with the Big M."

### STOP COMMERCIAL TILL PLAN READY

"The city wants the easiest, cheapest way," said Mr. Nichols, "so they start with a medical clinic - if we allow that we have lost our fight. If we can't get rid of six lanes we can at least get development pleasing to the eye and safe for children - without coal trucks every 15 minutes, starting in 1980. If commercial development is started on the west side we have lost the opportunity to do these things." Mr. Hite noted that "we did get some input into plans for a discotheque on that side."

A citizen said the "only answer is something like the White Mud Freeway, if we must live by a six-lane road. Another spokesman said zoning changes, such as

the Usher property (where clinic is planned) must be stopped until a proper plan for both sides of the highway is done. Another mentioned the hamburger stand and said a motel had been proposed. If a by-pass is to come that should be taken into consideration in the planning, he added, and in addition the new shopping centre means plans for another river crossing, which would help the people in our area. Meanwhile we will have to go by the highway, with safety a big worry and more access routes are needed. The decision to go six-lanes is certainly not my idea of the right way to go." "There is no damn way we get a six-lane highway - the only city in Alberta to have such" said a resident who said he had been here for 18 years. Let's look at a by-pass "right bloody now."

However committee members and others in the audience repeated that by-pass or no by-pass a proper development of highway 2 within the city must be planned, and that in the meantime all further development must be stopped. "We must get council to consider our requests - we want alternate routes, as well as no further commercial before we get a proper over-all plan. Even with a by-pass we still have problems with the highway emphasized Mr. Hite.

A woman in the audience said she understood that property owners in the immediate vicinity of a planned development were to be advised in writing - "I thought that was city policy," she said. "Why can't I find out what the plans are for the road back of my home," replied Mr. Nichols - "it's no secret that the city has started buying property for the road widening." The chairman observed that "a developer can get such information, but a citizen can't."

### CONSULTANT DIDN'T GO TO PEOPLE

Another woman said that the consultants hired to do the Ball Estate brief definitely did not consult with the people involved in the area. A man who said he was in the construction field stated that a berm for six lanes would have to be too big. "In 10 years this highway will have to be looked at again, and while we all agree a by-pass is needed, we will still have a prime road through the middle of our town."

"But not six lanes" interjected a member of the audience. Another citizen said he had clocked trucks at 50 miles per hour at the Dairy Queen. We must find some way to slow trucks down the hill, he said - and trucks would use a by-pass if built. It was confirmed for another citizen that the town has responsibility for development of the highway within its boundaries.

Ex-mayor Dick Plain and present Alderman Bill Shields, sitting together at the back were asked to speak. Mr. Shields was "concerned" that staff did not supply information and said he could arrange to have staff people meet with the group, and that the mayor and city manager had indicated to him that a representative could

be assigned to this project if needed.

A citizen said that Mayor Plain had held a highway discussion meeting open to an audience, and "we were told no highway development would occur except commercial - and that the city was planning a by-pass. "This contradicts everything we have heard tonight," he said, noting also that west side property owners of course do not want the land to sit idle.

It was suggested that the west side could be developed as a proper industrial park - "We just can't keep on as it is - there are so many entrances and exits required," said the citizen.

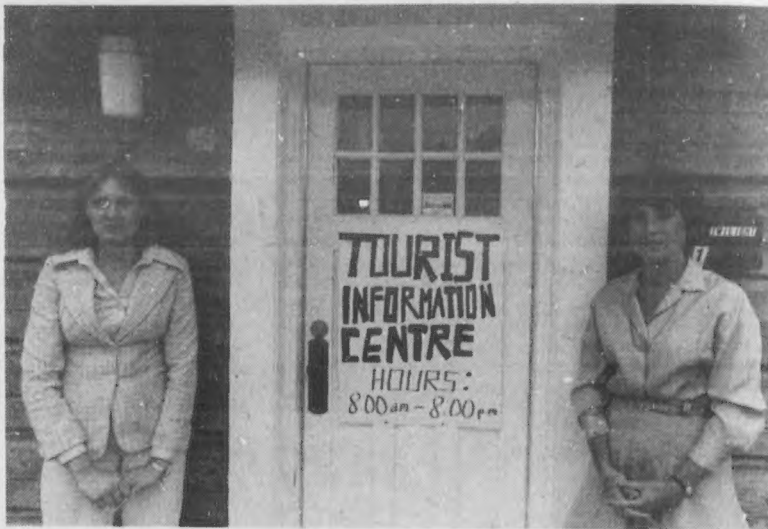

A woman noted that a group on the west side did get a lawyer - let us all work together she said. Mr. Hite said that lawyer was engaged just for the Cuts property proposal - but we will join forces with all who are interested.

Mr. Plain said the Ball Estate Brief was advertised for discussion at a public

hearing, and input invited. A suggestion that the west side be park or residential was something we couldn't afford, since it is owned by private owners, and we stayed with commercial, trying to make it compatible as part of an on-going process. As it stands both an east and west by-pass are there (in the General Plan) he said, but a freeway into the heart of Edmonton is out. He suggested the group work with the city planning staff.

But Chairman Hite warned that "we still need our people to bring up alternatives - and we must have expertise on our side."

It was decided that the whole group should make every effort to be at the June 5 Council meeting to present their case and ask for time before any further development takes place. Prior to that another meeting for the Sturgeon Action Group was set for Thursday, June 1 at Vital Grandin School, with advice notices to be sent to people on both sides of the highway.

### Information Please!

The Midnight Twilight Tourist Association is gearing up for a busy season and has the womanpower to cope with all situations. Kathy Collins (left) and Liz Clarke stand "at the ready" to give assistance to tourists who are looking for new sights to see, places to stay, or who are just plain lost! The girls report that over 350 people have made inquiries in the last two weeks, with the bulk of the tourists coming from eastern Canada, England the U.S. and Switzerland.

## Calahoo resident Al Majeau dies in vehicle accident

Father Roche officiated at prayers Tuesday evening in St. Catherine's Church at Calahoo for Alan (Big Al) Richard Majeau who died in a vehicle accident at 10:30 Friday evening on secondary road 635, near Calahoo. He was 28 years old.

Mass of Resurrection was held in St. Albert Roman Catholic Church on Wednesday, May 31, conducted by Rev. Anthony Sebastian O.F.M. Interment followed in the church cemetery.

With Mr. Majeau were his wife Lynn and daughter Tammy who were taken to hospital by ambulance. The

ambulance was also in an accident, being struck by a vehicle travelling on the wrong side of the road. Fortunately both Lynn and Tammy are doing well. Lynn is on crutches but making good progress and Tammy who suffered a pelvis injury is doing very well.

Mr. Majeau is survived by his wife Lynn, son Rodney and daughter Tammy; his mother Mrs. Hanna (Dolly) Majeau, a brother, Howard, of Dawson Creek, and two sisters Eleanor Reynolds of Morinville and Vivian Flaherty of Dawson Creek. He was predeceased by his

father, Wilfred, his oldest brother Henry, victim of an oil rig accident and his brother Louis who also lost his life in a car accident.

## Protestant board sets school year

Despite grumblings from an ATA representative over the pre-Labour Day start to the 1978-79 school year and despite some concern that students were being accorded the lowest priority in determining the new school year Board members at last approved the 1978-79 school year.

Teachers will be at work August 31, 1978 to accept registrations and begin preparing for the new year, which will include a two-week break at Christmas.

An ATA rep, Earl Ayre, was at the meeting, held May 24, apparently to listen to the proceedings only and report back to the Economic Policy Committee, a teacher group which includes their negotiating committee.

Instead, he chose to speak during time allotted on the agenda to the EPC. He said the teachers were disturbed and their morale was low, largely due to the adversarial approach taken during contract talks between the Board and the ATA. They were particularly unhappy with the fact the Board was looking at an earlier start to the school year, a change which the ATA feels should not be considered while negotiations are on-going. The Board doesn't accept that the school year is an item to be negotiated.

Later in the meeting when the motion to approve the school year was on the table, Trustee Wes Penner said he was disappointed that Mr. Ayre chose to make his

comments, especially in light of the fact the Board had delayed setting the school year in an effort to be democratic and gather as much input as possible. He said that if both sides refrained from hurling com-

ments like these it would ease the adversarial climate.

Mr. Ayre then told Board members that the early start was causing scheduling problems for teachers who had planned their holidays based on the school year set out in a

handbook from 1977-78.

Board Chairman Ernie Wynychuk told Mr. Ayre that there must be give and take from both sides. From his manner it was clear he felt the School Board had done

Please Turn to Page 8

## MPC has their bias showing - developer

"Somebody should tell the members of the Municipal Planning Commission that their bias is showing," a discouraged Joe Sheckter told the Gazette following the meeting held May 24.

Mr. Sheckter and his business manager Wayne Quinn came out to the meeting, having received an agenda by mail. Although his shopping centre proposal for the area bounded by Hebert Road and the highway was the only item brought forward from the previous MPC meeting, it was placed last on the agenda. For his time making the trip Mr. Sheckter got the few seconds it took for Alderman Shields to move the item be tabled - get this - "for further study." After seven years, said a disheartened Joe. It was decided before we ever arrived at the meeting.

Last time I came out to MPC - two weeks earlier, said Mr. Sheckter, I was in the middle of the agenda, but

they moved to place me at the bottom.

What really frosted him was the fact that council recently passed a proposal for a large (250,000 square feet) shopping centre across

the highway from his property in one night. With NO study, Mr. Sheckter pointed out - and despite vociferous objections by people in the neighbourhood. "On top of

## Exciting meeting planned for aid to the handicapped

A knowledgeable and experienced person, Florence McKee, will be guest speaker at a June 8 meeting of the utmost importance for all residents of St. Albert who have handicapped family members. The meeting will be held in the Seniors Centre, across from the Legion Hall at 7:30 p.m.

Mrs. McKee has had a long involvement working with handicapped people in the Strathcona Association. She also worked with dependent handicapped people in getting the Activities Centre

built. This project followed the typical pattern. Mrs. McKee told the Gazette. It began with a few people getting together in somebody's basement and just kept going until the job was done.

Florence also has experience in organizing associations for the handicapped and in staffing centres. At present she is writing a book, based on interviews with 98 parents of severely handicapped children.

The meeting on June 8

#### FOUR GENERATIONS IN HARVIE FAMILY

... This happy group got together a few weeks back to celebrate the gathering of four generations. The centre of attention, five month old Melanie Kane, daughter of Doug and Donna Kane of Bocock Place, St. Albert, was generally well behaved throughout the whole ordeal. Looking on is proud grandfather Merle Harvie, Donna's father, formerly of St. Albert, but presently residing in Penticton, B.C. Great Grandmother Mrs. F.E. Harvie of Streamstown, Alberta, is Merle's mother and is 90 years old.

### Van wipes out on Trail

One thousand dollars worth of damage was sustained by a Ford van and four young people were injured as the van struck a power pole at Sturgeon Road and the St. Albert Trail 2:45 a.m. Saturday.

St. Albert RCMP said the

accident seemed to have been caused by a tire blow-out.

Twenty year old Donald England of St. Albert was driving south on the Trail when the accident happened, after which he was admitted to the Sturgeon General

Hospital.

Local RCMP were unable to release the names of the other three passengers in the vehicle but said they had all been admitted to the Sturgeon General Hospital for treatment.

## Rodeo grounds is a beehive of activity

St. Albert Kinsmen are up to their ears in work down on Riel Drive. If the rain we've been getting lately doesn't ease up some members are threatening to end it all by jumping into the Sturgeon River.

If your looking for ways to spend your evenings and weekends during the next three weeks, they sure could use a hand in the rush to get set up for Rodeo 117, June 16, 17 and 18.

They would also like to suggest that people refrain from dumping their garbage on their new Chuckwagon Track. After all its only a few more feet to the landfill site.

The pads for the bleachers have been poured and plans are set for putting the stands are set for putting up the stands on the weekend. Seating will be for 4,500 spectators at the biggest and most exciting rodeo ever to come to St. Albert.

So far cash donations have come in from Carma Developers, LBH Home Improvement Centres, Gary Frost - Architect, Pasco Rentals and the Kinette Club.

Carma and Standard General Construction have donated about 5,000 yards of black dirt each and Standard General brought down two,

scrapers, a grader, two trucks and gravel for the entrance to the grounds.

Calgary Power used their own equipment to erect power poles free of charge and Stanley and Associates did the surveying.

The City, and in particular, Bob Byron and Don Corrigan, have provided valuable co-operation.

There's still an incredible amount of work to be done but, if the support continues

as it has to this point, St. Albert will definitely be treated to a great rodeo.

And don't forget the Gymkhana. The Kinsmen expect over 100 entries in the event to be held Saturday and Sunday in the arena on Perron Street.

Four finalists will be chosen in the Kinsmen Rodeo Queen contest at a gathering in the Kinsmen Centre on Larose Drive tonight at 8 p.m.

# Auxiliary tea gets novel opening

When the president of the Ladies Auxiliary to the Royal Canadian Legion called upon The Branch Padre, Len Musto to open their Spring Tea on Sunday, she didn't know what she was in for.

First Rev. Musto called upon Vern Tompkins, past president of the Legion to blow up a balloon. Next he asked the convenor of the tea, Joanne Cockwill to tie the balloon. Finally he placed it on a chair and asked the Auxiliary President, Shirley Sorsdahl, to sit down on the chair. Firmly grasping the padre's arm Shirley bravely sat down and opened the tea with a Bang! (It should be noted that President Ron Bull missed this opening, not being on hand at the proper time. However he was observed minutes afterwards carrying some large jars of pickles into the kitchen - no doubt filling in where there was need, as usual).

Special guests of the Auxiliary, and pouring tea were Kay Rossiter, district auxiliary commander and Shirley Jamison; Legion District Commander Percy Rossiter and Wally Franks, zone commander (the men poured very adeptly, thank you). Phyllis McMann, president of Kingsway Auxiliary, Nell Patton, president of Norwood, Bernadette Vaugeois, St. Albert Mother of the Year, and Elli Bull, wife of the Legion President, Marie Eschak, Past President of the Auxiliary and June Kendel, past past President and Life Member.

As usual everything was beautifully arranged with gleaming silver candles and gorgeous fresh flowers on the tea table, and lovely large corsages for the pourers, plus charming service to the tables by auxiliary members.

While the attendance was thought to be slightly down - and the weather was far from co-operative Mrs. Sorsdahl felt it was definitely successful and the bazaar items, baked goods and plant sale all went well.

Door prizes were won by Laurie Johnson, a pressure cooker and little Miss Winkler, a house plant. Floral arrangements were won by June Kendel and Addie Webb, the latter being donated by the new florist shop on Grosvenor Boulevard.

Eleanor Leland won the top raffle prize, a handsome afghan, and Helen Huggins drew the ticket on the pictures. Proceeds of the raffle went to the Veterans Hospital and the balance of the

proceeds support various Auxiliary projects.

The date of the pre-Christmas tea and bazaar has been set for November 19 and already Joanne Cockwill is starting the planning.

## Lacombe Park busy bees enrol

Tuesday, May 23 was a very exciting enrollment day for 20 girls who are charter members in the 4th St. Albert Busy Bee Hive. A part of the Girl Guide Movement, the second Hive in the Lacombe Park area began April 25 and meets Tuesdays at 4 p.m. in Bertha Kennedy School.

The purpose of the group is to promote happiness, helpfulness, health and a love of nature in girls aged five to seven years. To qualify for enrollment each girl is required to attend four meetings and know and understand their motto and promise.

Each girl was presented with badges and a certificate of enrollment by their leaders.

Commissioner Jeffares presented scarves and heard the promise and motto of: Michelle Merchant, Kelly Jean Swain, Candice Leibel, Treena Alspach, Suzanne Yashiw, Christine Herfst, Tonya Durkin, La Dawn MacDonald, Catherine Lund, Lorelee Brockmeyer, Darcie Stein, Karri Rolofs, Carolyn Rohaly, Melanie Friesacher, Kerry McIlmoyle, Sara Waterton, Trina Lawrence, Shelly Hockett, Shannon Stein, and Susan Parks.

Commissioner Jeffares also enrolled the leaders as Guiders.

After the ceremony coffee, juice and cookies were served to the many family members who attended.

## St. Albert residents graduate

When the University of Alberta holds its Spring Convocation on May 29, 30 and 31, St. Albert residents will be among the 3,891 individuals receiving degrees.

Receiving degrees the Faculty of Arts will be Larry Dunsford, Ina Ingrid Dykstra, Joanne Lee Harvey, Christopher Hewitt, Mara Hoffman, Lynne Jakubec, Lorne Peter Keller, Margaret MacNeill, Vaughan Herman Myers, Denise Perrett and Lore Wiggers.

Receiving degrees or diplomas from the Faculty of Education are Carl Richard Akitt, Patricia Babiuk, Barbara Ann Brochu, Gerard Buccini, Elaine Rose Carle, Peter Dukovac, Norman Hill, Margo Johnston, Debra Lynne Kremer, Nelson Letts, Sheila Eileen Lumley, Patricia Rusnak, June Schreiber, Louise Stanley, Ute Thiele, Vicky Von Busse, George Yakulic and Ernest Zurowski.

Receiving degrees from

the Faculty of Home Economics. Please Turn to Page 10

## Getting their just desserts!

Peggy Hanneman (left) and Millie Boyd look satisfied with their duties at the Legion Ladies Annual Spring Tea and Bake Sale held Sunday at the Legion Auditorium, as they preside over the bake table. The creamy confections in front of the ladies are enough to tempt even the staunchest calorie counter!

## Folks on Alcott plan street party

What better way to meet your new neighbours than getting together for a party? The folks on Alcott Crescent will be barbecuing and partying Friday, June 16 on the street and in driveways in an all out effort to get to know each other better.

The idea came to Alcott with the arrival of Carol and Gary Shedeck from Winnipeg last year. The Shedecks had taken part in a similar get-together in that city and Carol mentioned to her neighbours that it might be a

good idea to try it on Alcott Crescent.

A poll was taken to determine interest and the response was unanimously in favour of going ahead.

The women collected \$2.50 per household to cover the cost of communal foods like salads and buns and organized one driveway and garage as a beer garden and focal point of the barbecuing. Families provide their own meat and alcoholic refreshments. Coca-Cola is providing soft drinks at wholesale.

The group acquired a permit from the City and will be roping off the crescent for the evening.

Several activities are planned for the children and adults including hula hoop contests, tug-of-wars, three-legged races, volleyball and spot dances. There will also be a stereo sound system. Prizes donated by St. Albert businesses will be awarded to winners.

Sounds like a heck of an idea!

## St. Albert Community Band Presents

## "A Concert In The Park"

Tuesday, May 30  
Tuesday, June 6

# MPC frustrates local residents

If you want to see local residents genuinely trying to improve the quality of life in St. Albert go green at the gills with frustration, the Municipal Planning Commission is the place to watch it. The Gazette has been covering this clinically-run exercise in what sometimes amounts to cynicism and near insults, for nearly three years.

In effect it could be said that the MPC has gone on a course which subtly discriminates against the very people it seeks to represent.

In 1980 those elected members who serve on both MPC and St. Albert Council will be going on the campaign trail seeking votes and telling the people how well they have "served" them in the past, and how they would like to do so in the future. However it can be seen that the municipal government has lost contact with the people over the past three years.

A recent MPC meeting had before it three applicants who were trying to improve the quality of life in St. Albert. One wanted to develop a office commercial centre and suddenly found that he, not the city, would have to find \$35,000 for road access to the site, which for the present is not essential. Those applying for a dance studio and athletic centre left glum because they, not the city, would have to spend more than \$100,000 for lot excavation and retainer wall. They were also told that their building drawings were more suited to Riel Drive Industrial Park than in St. Albert's downtown core, where the planner's view of aesthetics would not be well served.

## The Gazette Reflects

Potential developer of a shopping centre in St. Albert's south end is in for more studies of alternatives - this after seven years of the same diet. Mr. Sheckter should have the number 31 on his back (like the last day of the month) since the MPC usually manages to keep him last on the agenda. Then it's "times up" and goodbye again Joe.

The most recent case of citizens versus MPC was forcibly brought out at a public meeting of a citizens action group held last Friday evening. The group is strongly opposed to a six-lane highway splitting the town. As emphasized by the chairman and others, ordinary citizens have reached the conclusion that they have to retain their own experts to fight the experts at city hall. City consultants on the Ball Estate Brief did not consult the citizens involved, it was pointed out at the meeting.

While the city was having trouble getting more than a handful of people out to public hearings on the transportation studies and the general plan, a meeting of citizens from the Forest Lawn area was able to attract 350 to a public meeting advertised for the Community Hall on the Shell property in November 1976. In fact the former council left their regular meeting early to get to

the hall and find out what the people were thinking.

Which leads us to the conclusion that the former mayor actually intimidated a great many people with his penchant for hiring a barrage of experts who could often turn aside citizen objections rather easily, by citing figures and "expert" opinions. But after all who knows better than ordinary residents what they want for their neighbourhoods and their city?

Under the former council, which included Aldermen Breadner, Thronson and Smith, the Recreation Board, Police Commission and PSS Committee were replaced by one Community Advisory Board, with citizens invited to apply, submitting "qualifications". Isn't any interested citizen acceptable?

Most of the current problems concerning residents, including also the concerns over loss of open space and proliferation of multiple density in Grandin Park, were inherited by the new council, whose hands are tied in these areas. However a new attitude in dealing with future matters of concern to residents will be a blessing.

The residents are aroused and prepared to join forces, put up money, and dig in their heels to protect the quality of their neighbourhoods, and to have a say in municipal planning. General Plan notwithstanding, they want a "proper plan" with their contributions included, before any further developed proceeds on Highway 2 within the city.

## Trudeau: Canada's lower than zero rating

### A GAZETTE COMMENT

By Jim McIntyre  
It took the British Daily Express, this weekend, to expose Canada's Prime Minister as a hypocrite.

Commenting on Trudeau's golden words on disarmament, where he addressed the ears of the United Nations with his slippery tongue, the British Sunday paper said that among the world's true statesmen, Trudeau rated lower than zero.

Having led Canada to virtual political and economic ruin this past 10 years, Trudeau must have seen that his only chance to retouch his shattered image at home and possibly abroad was to hold

off on a quick election and take advantage of big international forums and summits upcoming in the next seven months.

But it seems that the British press has nipped Trudeau's ambition in the bud.

Everyone knows that but for the presence of the Americans with their massive nuclear armament and a common border to defend, there is no way that Trudeau would have been in a position to appear like Mr. Good Guy as far as abolition of nuclear weapons is concerned.

He is even able to carry his hypocrisy to the point where, because of the power of the

neighbor to the south, he could see the whole Canadian defence establishment under the carpet, whether it was nuclear or not.

This could possibly explain the woeful state of Canada's armed forces, with only 78,000 personnel to defend the second largest country in the world. Canada's defence forces represent Federal Government tokenism in the matter of national security, and clearly Trudeau is ex-

perimenting with the idea that national security is not necessarily equated with military strength.

Canada's defence forces represent Federal Government tokenism in the matter of national security, and clearly Trudeau is experimenting with the idea that national security is not necessarily equated with military strength.

But his stance is hypocritical and demoralizing

because if it were not for the Americans, Canada would be a sitting duck for expanding Soviet influence in the world. And possibly is!

Trudeau's self righteous stance is further undermined by the sale of the CANDU nuclear reactors around the world.

It should be interesting to see how Mr. Trudeau fares in this week's NATO conference in Washington where he may find he is hit on the

"derriere" with the US [nuclear] umbrella rather than protected by it.

If there are complaints about the Canadian contribution to NATO, that conference will be the place where it surfaces.

It is tragic that Trudeau will allow himself the luxury of knocking the last nails, in Canada's coffin till we are well into 1979.

By then it might be too late to reverse the damage.

"It's a good thing the Municipal Planning Commission wasn't around when the Creator planned the world!"

# Why was the Cuts proposal turned down?

## .. A glaring error in judgement

In a recent issue of your valuable paper, a letter was published from Mrs. Ethel Cuts, headed 'A Dream Destroyed'. She very eloquently expressed her disappointment at the refusal of the municipal planning commission to grant permission for the erection of a condominium on her property to house senior citizens.

This was a project very dear to the heart of the late Dr. Bill Cuts, as I know from frequently hearing him discuss it, and I would have thought would have been a most suitable and useful monument, or rather memorial, to the memory of one who gave so much and so freely of his time and energy to our community.

Why was it turned down? Was there no need for such a facility? I believe if the planning commission held this as a reason, it would be easy to refute it. Being past the age of retirement myself, I know many friends and acquaintances who would be happy to spend their declining years in such beautiful and peaceful surroundings. My own parents lived happily under those same trees until they passed on, and loved every one of them. It was

a battle to be allowed to take down the dead ones!

If there is a demonstrable need, it would indeed be interesting to know what powerful consideration induced the MPC to turn thumbs down on such a beneficial and eminently suitable plan. That they would bow to the selfish prejudice of a handful of nearby residents, I can hardly credit. Surely their responsibility must be to work for the greatest benefit to the community as a whole, without fear or favour. Perhaps if enough responsible citizens acted together, they might be persuaded to reconsider, or at least give a reasonable and valid explanation for such a remarkable and glaring error of judgement. The Commission, I suppose, is not responsible to the ratepayers but

certainly the council is.

As for the seven so called 'neighbours', whose protests gave the board an excuse to turn the project down, these people surprise me. After all, if they are fortunate, they will eventually become senior citizens themselves. Is the sight and presence of senior citizens in their neighbourhood so objectionable because it might force them to think of their own future? Or do they fear wild parties and vandalism? Perhaps they are looking at the wrong end of the life span.

Surely the planning board must have some less frivolous reason than these people's objection, to turn down a generous offer that holds promise of so much potential advantage to our whole community.

If so, for the sake of their own credibility, they should declare it.

W. G. Bocock,  
St. Albert.

## To The Editor

## Grandin becoming a concrete jungle

Given the challenge of scatterbraining the word "GREEN," many thoughts would arise. Color, envy, nature, too much pizza, etc. are some of the ideas that could be expressed. The one most likely to appear in the minds of the majority of St. Albert's decision makers is \$\$\$\$\$\$\$\$\$\$.

This becomes more and more obvious as Mother Nature's "greenery" gives way to the concrete jungle in St. Albert.

Five years ago one was impressed with the spaciousness and abundance of greenery in areas such as Grandin Park. At the present time there is one almost completed small shopping facility on Grosvenor Blvd. being added to the row housing put up a couple of years ago. (This was once a nice play area).

Another shopping facility is planned for Grandin Road. Yet another will appear very soon at the west end of Gainsborough Avenue. Our planners have ignored a petition to stop this latter from happening. Are we so desperate for "quick" purchases that we cannot take the trip to the already existing facilities?

Can anyone justify three such facilities all within one and a half miles of each other? Have the planners given consideration to the opinions of persons who would facilitate these centres or do they presume to know what is best for us?

Our sister city Edmonton could serve as an example to the fathers of St. Albert. In the high density area of Oliver, on 121 Street and 102 Avenue a block of old homes was torn down and a beautiful, well planned park is going in.

If valuable land exists in city centre, this area could be on the top of the list. This park is only

three blocks from an already existing, highly imaginative playground.

It is time someone got around to listening to the priorities of the people in this city and perhaps more pressure should be applied to see that this happens. If we do not take an interest now we may be joined in the Tot Lot in

Gordon Crescent one day by ex-city officials wondering "where we all went wrong."

Upset Citizen.

Name and address were supplied, but withheld due to the nature of the writer's business, which could be adversely affected.

## Highway safety suggestion

There exists, within the borders of the City of St. Albert on highway #2, a major traffic safety hazard in the northern approach to St. Anne Street traffic light. Reaction time is short, especially in the icy winter months, due to the proximity of the traffic lights to the bottom of the rather steep descent of the hill for all northbound traffic.

In order to avoid possible future tragedy to the citizens of St. Albert, or those passing through, I would like to propose the following as a possible solution. That an amber flashing light

be installed prior to the crest of the hill indicating to all approaching traffic "PREPARE TO STOP WHEN AMBER LIGHTS ARE FLASHING" as is provided in other centres with similar blind spots.

I hope that those responsible for such provisions give this suggestion serious consideration.

Doreen Rowe,  
Grandin Park.

## Wanham home coming

On July 1st, 2nd and 3rd of 1978 Wanham, Alberta is having a Home Coming.

Though we have sent out over 1400 invitations to former residents of Wanham, Peoria, Belloy and surrounding districts we know it is impossible to contact everyone this way.

We hope that through your paper we may

reach some of the neighbours we might have missed. All visitors will be most welcome also.

Details of the three days activities can be obtained by writing to "Home Coming 78", Wanham, Alberta, or by phoning 694-3751.

Hoping to see you here.

Wanham Home Coming Committee.

## MPC

Continued From Page 1

The issue of the development will go before council and Dr. Le Drew was to be given the chance to look again at the cost factors involved.

IN OTHER MPC BUSINESS, Gladys Smith and Alma Hughes from the St. Albert School of Dancing ran up against it with their proposal for a Dance Studio and Athletic Club at 5 Perron Street.

Ms. Hughes told the commission they were unaware they had to build on the four lots.

Developing all four lots could slap the developers with an extra \$75,000, if things like parking requirements were taken into consideration.

A sharp cut came from City Planner Wayne Gordon who told the developers their

project was "more appropriate for the Riel Industrial Park than the downtown." Although he qualified this remark later, as MPC discussed the buildings design and materials.

The long and the short of it was that council will get a recommendation from MPC not to support the developer's proposal.

Mr. Gordon concluded that if others were to be offered the property, they should be given the chance of an alternate plan, "or we talk with others who can handle the problem."

AN UNEXPECTED RAY of hope relieved seven years of frustration for landowner Joe Shekter who has been trying to develop some lands in south Akinsdale as a large shopping centre.

MPC decided that staff will be asked to develop in consultation with Mr. Shekter a list of the preferred land

uses for South Akinsdale, for the consideration of MPC.

This decision seems partly due to an earlier MPC meeting with consultant Ian Geddes who told MPC that delays on the south Akinsdale plan had virtually ruined Mr. Shekter's credibility in the marketplace.

Mayor Ron Harvey supported the MPC decision and said he would like to see the site developed and see if a solution could be found.

## budget

Continued From Page 1

Joe's High School in Edmonton will begin using public transit in the fall.

Trustees will also receive no increase in fees for the third year running although Mr. Porter moved later in the meeting that the Finance and Audit Committee study trustee honouraria which would include looking at fees paid

to trustees in other districts. Textbook rental in all divisions has also been increased slightly to bring in another \$1,350.

Construction of new schools in the recent past has resulted in an unsupported (not covered by the Province) debt service charge of approximately \$112,000 which will appear in the budget each year for 25 years. New school construction could, of course, increase this figure. The total debt services in the 1978-79 budget amount to \$537,464 of which the Province contributes approximately \$425,000.

Salary expenditures for the 1978-79 year which total \$2,825,891 show an increase of about six percent over last year. At present the Board has not settled with the ATA negotiators over teacher contracts for 1978-79 and is awaiting a date for conciliation. Should the teachers eventually settle for a figure

above the six percent provincial guideline (and they would if they are successful in gaining parity with teachers in the Edmonton Public

System) the Board would be forced into a deficit position and taxpayers would pick up the difference in the future.

## sets year

Continued From Page 3  
their part.

Trustee Gary Hodgins said he didn't like being on this merry-go-round (in reference to the several times the school year had been discussed and delayed). He said the children were being put at the lower echelon of priorities and that the best alternative for them would have been the original year proposed by Superintendent Elmer Gish. The earlier proposal was based on a 200 day school year, 190 of which would be instructional. School opening day would have been Monday, August 28, 1978. The new year, approved by the Board is based on 197 days, including 189 instructional. Both years provide for a two week Christmas break but the high school will lose one day at the end of each semester which would have been used for closing functions.

Mr. Gish had earlier stated

that there had been some concern shown by members of the Paul Kane teaching staff that the two-week break for Christmas would negatively effect the learning process for students on the semester system.

Mr. Hodgins commented, "we want to be co-operative with the teachers but we come in public and are accused of being unco-operative by the ATA. Now we are putting high school students in a bad position." He said he would support the superintendent's latest recommendation but he suspected Mr. Gish would still prefer the 200 day year. He hoped that the Board would be more responsible next year.

He then added, "We're sitting here recommending a negative school year for high school students. It concerns me."

Trustee Shirley McCaffery asked the superintendent if students would benefit from the two week Christmas vacation and Mr. Gish re-

plied that it wouldn't. "In that case," said Trustee McCaffery, "I won't support the school year. I can't understand why Gary can support it after he put the other case so well. The needs of the students should come first."

Mr. Gish told Board members that other districts were going with the two week Christmas break and that he decided District 6 should try it and evaluate it. He said his current recommendation was sincere.

The Board passed the 1978-79 school year with Trustee McCaffery in opposition.

Registration for all students will be August 31, 1978 instead of the Monday, September 4 (the ATA's preference). The first day of regular classes will be Tuesday, September 5, 1978. All grades will receive a two-week break at Christmas.

## developer

Continued From Page 3

that," he added - "that centre will require a left hand turn off the highway. They don't own a quarter of the land I do and have neither proper access or parking space. I just can't understand it, unless it is straight bias on their part."

Meanwhile his taxes went up three thousand percent, from \$400 to \$12,000. And to comply with the city's request he has invested \$300,000 in services.

All I am asking council to do is simply zone the property, said Joe. Then they can give us their guidelines for development. But they do it backwards and ask us to provide aesthetics. How can we plan aesthetics when we don't know whether our property will be zoned for a hotel or a food store? Let alone whatever the planner thinks is appropriate.

Alderman Thronson said in council "If the developer

is willing to take the risks involved in a shopping centre, we should let him go ahead" Mr. Sheckter told the Gazette - "then he votes against it."

There is no use, said Mr. Sheckter - I'll just farm it and my equipment is getting ready now. Too late for wheat, so it will have to be oats or barley. Imagine that - \$300,000 in services under land used for farming!

If there was just somebody intelligent, that you could sit down and talk with, it would help said the embittered developer. The administrator has admitted that our plan for a shopping centre was

more logical, but the academic aldermen seem to enjoy playing with somebody else's destiny. Competence is lacking in the engineering and planning departments and common sense is lacking on council said Mr. Sheckter. "And council expresses worry about the 94 - 6 percent ratio of residential tax base compared to commercial-industrial. I simply don't understand it."

It is cold comfort indeed by Mr. Sheckter, like others, is well aware that there is more than one developer in the region who "wouldn't touch St. Albert with a 10 foot pole."

## handicapped meeting

Continued From Page 3

will, it is hoped by the Steering Committee, get an Association for the Handicapped off the ground in St. Albert. People like Eyla Rogers, Jo Nielsen, Ron Yeates, Helen Durand, Gail McIndoe and Kathleen Hickey have been doing the spade work to get a St. Albert Association started since last November.

At the June 8 meeting, to be chaired by Charles Gale of the Community Services Department, bylaws will be presented for passing and an election of officers will be held. At the close of the meeting coffee will be served and there will be ample time provided for questions from all interested people.

The Steering Committee formed in St. Albert is unique, in that from the outset it has planned that the whole field of handicapped services has been taken in - physical, mental, hearing or vision impaired, from partially to seriously handicapped people.

The committee is well aware and wants to make the community aware of the kind of support, both monetary and physical that families need in caring for handicapped members in their homes.

Parents are also in need of support and counselling. Families with handicapped members can become insular and withdrawn without community support, including emotional support. Help is also needed in getting necessary additions for public buildings to enable handicapped people to use

them. For example, it was pointed out the swimming pool at Leduc is being planned from the beginning with the needs of the handicapped in mind. Shopping centre planning can also be done to include these features, but the handicapped can't get such designs accomplished unless they have solid community support.

An Association also serves as an excellent contact point for new people with handicaps coming into the city.

The Steering Committee is asking all handicapped families to be represented at the June 8 meeting in the Senior Citizens Centre at 7:30 p.m.

Who knows? Perhaps some day the handicapped will have a centre in St. Albert too.

## Public Notice Civic Census

The City of St. Albert will be conducting the annual Civic Census during the early part of June, 1978.

The information requested of the residents is utilized in determination of financial grants; in planning for future growth in the City and in providing the School Boards with information necessary for their planning purposes.

The information gathered is treated in a CONFIDENTIAL manner and residents can be assured that privacy will not be abused. Statistical information is compiled and released on a collective basis only.

An enumerator carrying official identification, will call at your home shortly to request information about your household. We ask your co-operation in providing the enumerator with the required information.

F. DANIEL  
CITY CLERK

## Photo Corner opens June 1

Wondering what to do with those slides of the latest family gathering? Perhaps you would like to have a more visible record of such happy events. To get a memorable print from that special slide, take it to St. Albert's newest business establishment, the Photo Corner.

The Photo Corner is located at Number 6, 76 Grosvenor Blvd., in the Harrich

Holdings neighborhood shopping centre. The business is in the capable hands of St. Albert resident Pat McGlashan, who has been handling cameras and pictures for 20 years. Pat learned the business from the outside in, so to speak, as she began her photographic career as a camera wrapper at the Bay Store in Vancouver. She went on to other aspects of camera retailing

and photographic production, and eventually became manager of the Edmonton Bay store's camera department for 12 years, from 1965 to 1977. Thus, she comes to her St. Albert enterprise well prepared.

The new business will open its doors June 1, at which time it will be ready to provide a number of services for local shutterbugs. Pat will develop, process and enlarge colour prints, as well as sell you the album to put them in. She will make prints from slides or slide duplicates. For anyone with a perplexing photo problem, Pat and her

technician will give professional advice.

"If we don't know the answer, we'll soon find out," promises Mrs. McGlashan.

Pat hopes to have an inventory of cameras in three months time to sell to St. Albert consumers, and will be well stocked with frames, flashes and film when the store opens. In addition, Pat is offering an Opening Day offer of 5 x 7 or 5 x 5 enlargements for 99 cents for colour negatives only.

The Photo Corner will be open Monday to Friday from 8:30 to 6:30 and Saturday from 9:30 to 5:30.

## Around Town

Catholic School Trustee, Ken Porter, was glad to see he is making some headway with pet control on school grounds. Mr. Porter initiated a Board request that the City pass a bylaw which would force animal owners to be responsible for the actions of their pets while on public property. The request fizzled out on the first attempt but Ken was determined. He had District 3 administration re-request some action. At Monday's regular Board meeting a letter from City Clerk, Fiona Daniels, informed trustees that the City is presently preparing the bylaw. More proof that 'a squeaking wheel gets more grease'.

Teacher: "What is wind?"  
Child: "Air in a hurry!"

### Ain't no fish story!

Trevor Pollard has living proof that his tale of catching a good sized Jackfish in the Sturgeon River was no fishy fiction. Trevor made the catch in the river near the Bruin Inn last Sunday, and joins a number of other local residents who have discovered the Sturgeon is surgin' with fish this year!

Photo by Scott Holliday

### Memorial to Imbecility

When the lunatic fringe joins forces with the craven cowards, the community is the injured party. This sad truism was proven once again at Lions Park recently. A charred picnic table gives black testimony to the moral poverty of a pyromania, while the cookhouse is tribute to the lack of imagination in our local writers of graffiti. In the photo inset, shards of glass, remnants of a beer drinkers' rampage, paint a depressing picture of local excesses. Isn't it a pity these "artistes" don't have the courage to sign their work!

### Notice of Hearing St. Albert Area Application No. 780160

TAKE NOTICE that examiners appointed by the Energy Resources Conservation Board will hold a public hearing at the St. Albert Inn, St. Albert, Alberta, on Wednesday, June 14, 1978, at the hour of 9:30 a.m., for the purpose of hearing an application by Star-Key Mines Ltd. for a permit and a licence to amend its underground mining system and to open three new entrances to Mine No. 1626, located in Townships 54 and 55, Ranges 24 and 25, West of the 4th Meridian.

The applicant proposes to expand the output of Mine No. 1626 for the purpose of mining coal for an industrial market.

Copies of the application and information and particulars filed in support thereof may be obtained by interested persons from the applicant, Star-Key Mines Ltd., P.O. Box 2555, Main Post Office, Edmonton, Alberta, T5J 2T1, or at the mine office, seven miles north-east of St. Albert.

Any persons intending to make a submission with respect to the application shall file on or before June 12, 1978, ten copies of the submission with the Board and two copies of the submission with the applicant at its above address.

AND FURTHER TAKE NOTICE that submission relating exclusively to matters of compensation are beyond the jurisdiction of the Energy Resources Conservation Board.

DATED at Calgary, Alberta on May 19, 1978

D.J. Jenkins, Board Solicitor  
603 - 6 Avenue S.W.

Denise Pasloske (11) and Malcolm Jones (11) couldn't go with their grade 6 class camping trip due to illness. The two Leo Nickerson students decided that they would go on their own nature hike to a nearby ravine under the guidance of Mrs. Marie Radke and nurse Elma Teasdale.

## Day care co-ordinator for province

Catarina Versaaval has been appointed provincial director of Day Care for the Department of Social Services and Community Health, with responsibility for developing, maintaining, monitoring and co-ordinating the full spectrum of day care services in the province.

She assumed her duties May 15 with the department's Preventive Social Services Branch.

Mrs. Versaaval has extensive experience in the Day

Care field, having worked for the Provinces of Ontario, Manitoba and Nova Scotia with responsibilities for policy planning and program development. She has also worked as a program consultant with the Ontario Government's Mental Retardation Community Program.

Mrs. Versaaval has a diploma from the Institute of Child Study, University of Toronto (1972) and a Bachelor of Arts (BA) with a major in psychology from the University of Guelph (1971). She has also studied in the doctoral program in special education at the University of Nijmegen, Netherlands.

The appointment of a provincial director of Day Care is part of the implementation of the New Day Care policy announced March 13 by the Provincial Government.

# It's time to register for Summer School in St. Albert

To most students the thought of attending Summer School, after a hard year

of study, is repugnant, at best. Many students think of school only as a drag.

Summer School is different! Here are some comments from a few of last years

students: Summer School is, "much better than regular school," and "it is much more fun going to school during the summer."

Students also felt they benefited more because they received more individual instruction during the summer because of smaller classes.

Parents were also enthused, because the Summer Improvement Program offered courses for their children to receive help in the subject they needed most.

The 1978 Summer Im-

provement Program will be administered by District #6, as the districts alternate responsibility for the program each year.

The enrollment of 147 in 1977 is expected to be exceeded this year.

The courses offered will focus on the improvement of basic skills in Language Arts and Mathematics. Students who are presently in grades 2-9 are eligible.

Parents wishing to register children should fill out a registration form and return

it to: Mr. R. Prather, c/o St. Albert Protestant School District #6, 60 Sir Winston Churchill Avenue. A cheque for \$34 must accompany each registration form.

Registration forms were sent home with every student on May 30 and are also available at the Public Library or both School District offices. A registration form can also be found on this page.

Registration forms must be submitted no later than June 9.

## Education Gazette

### College takes over riding academy

Effective June 1, 1978, Grant MacEwan Community

College will take over the operation of the city owned Whitemud Riding Academy.

In addition to continuing and adding to past Academy offerings, the college will move all of its equine activities to the Academy. These will include the college's two year Equine Studies program and all of the continuing education division horsemanship programs. As well, the college will manage the Equestrian Centre, leasing to outside organizations and clubs.

Riding lessons will be operational mid-June; trail rides July 1. Facilities will

continue to be available for the boarding of horses.

According to Richard Burgis, currently head of the Equine Studies program, "This move will mean a significant expansion of our equine offerings of courses and activities."

As a result of this move, the college will be leaving its leased facilities at Azure Acres, owned by Don Hunt, facilities the college has used since the inception of its Equine Studies program.

For further information, contact Richard Burgis, 462-5501.

#### Puppet Power!

The antics of Punch and Judy have held kids in thrall for many years, and these little gaffers at the Student Fair were no exception. There were lots of chortles and giggles from the crowd as the Crash and Flash puppeteers of Bon Accord staged the puppet show and the clown performance. The Fair was held Sunday at the Kinsmen Community Clubhouse and allowed students in city-run courses to display their talents.

### STURGEON PRE-SCHOOL NURSERY

(Located in the Grandview Ridge Clubhouse)

#### Open House

Wednesday, 7 June, 1978

Six to Nine P.M.

The staff of the Pre-School welcome parents of the pupils and all interested persons to a display of the children's activities.

Mrs. Beryl Minchin and staff will be pleased to meet with parents and answer any questions concerning the program.

During the months of July and August, Mrs. Beryl Minchin will be at the Pre-School most Wednesday afternoons between the hours of 1 p.m. to 5 p.m. for new registrations for classes commencing Monday, September 5, 1978.

For further information, please phone the Pre-School 458-0911 or Residence 459-7559.

Licensed with the Alberta Department of Health and Social Development.

### Swinging Sunday

These kids found that Sunday in Lions Park can be a dizzying experience as they reach for the heights on the swings. One can recollect that a swimming head and a topsy turvy tummy are part of childhood's joys!

## ATA meets with Koziak

Meeting in Edmonton recently with Education Minister Julian Koziak, representatives of The Alberta Teachers' Association expressed a number of concerns regarding curriculum changes in the past year.

Presenting a brief for the ATA were president K. M. (Mac) Kryzanowski, vice-presidents Doug Trace and Chuck Rose, past president Halvar Jonson, executive secretary Bernie Keeler, and associate executive secretary Don Corse.

In the brief the association commended the government for the quality of the curriculum changes, which it said have answered some of the expressed concerns of teachers and have enhanced the quality of the schools' educational offering.

However, the ATA noted, there are a number of concerns: the rate of change is faster than it needs to be or should be, as a result of

which there is insufficient provision for required inservice training and teaching materials; there is increasing restriction on the methods teachers may use; and some of the new courses mandate the use of most or all of the time available for the course, making it difficult for teachers to pay adequate attention to individual differences and local needs.

The association brief also included the ATA response to Alberta Education and Diploma Requirements (the Harder paper) and resolutions approved at the Annual Representative Assembly in March.

Among the issues discussed were: a request for more emphasis on environmental education; an expression of concern that a policy asking for teachers to receive copies of all reports on their professional performance has been approved six

times now without government response; a request that the government take action to discourage large class sizes; and an appeal for increased provision of programs for the detection, diagnosis, and remediation of learning disabilities in young children.

The association further asked that the government conduct studies on two topics: 1) the possible significant differences in educational opportunities between city and rural schools, and 2) the increasing serious problem of alcohol consumption by school-age children.

In addition, an amendment to The School Act was proposed which would provide a teacher with the right to inspect any file kept on him or her by an employer and that such a file be indexed as to its contents and their origins.

## ATA "pleased" with province

The following is a statement by ATA president K. M. Kryzanowski regarding The Goals of Basic Education for Alberta, which were approved in the Legislature on May 15.

The Alberta Teachers' Association is very pleased that the government of Alberta, in keeping with its emphasis on education as a priority, has taken a positive step in the passage this week of the Goals of Basic Education for Alberta. We commend the government for the time and effort it provided for these deliberations to produce a clearly defined direction for education in the province. Furthermore, the Association is appreciative of the fact that the government made a commitment to obtaining public input by introducing the goals statement during the fall sitting of the Legislature and allowing it to be held over until now in the spring sitting.

ATA policy states that "the setting of the broad aims of education is the responsibility of society." Therefore the Association welcomes this action by our elected legislators as an activity appropriate to their

roles as spokesmen for society. We were pleased to note the positive attitude toward the work of teachers and the schools that was evident in the recent debate.

Schools for too long have been required to overextend their responsibilities into areas given up by parents, the community, and the church. As a result, teachers at times have become the scapegoats for many societal problems. The ATA finds it encouraging that the goals statement apparently recognizes this difficulty while at the same time indicating support for the areas which have been receiving the greatest emphasis in school programs. This represents a vindication of the role schools have been attempting to fulfill in Alberta.

We are in a period of close examination of the purposes and values of education. With the goals of education in Alberta being more clearly defined by the government, teachers may now get on with the job of using their expertise to translate these broad guidelines into specific teaching strategies which will meet the expectations of society.

# Conclusion is that life is sweet

THE END,  
CAPITOL SQUARE, EDMONTON  
By Jim McIntyre

Backed up with a brilliant script, Burt Reynolds has directed and taken part in one of the finest comedies I've seen since the George Burns movie "Oh God!"

He takes the part of a man who is given a death sentence by his doctor, having but a short time to go with a fatal blood disease.

Reynold's mind slips over on its morbid side; he starts weeping uncontrollably in the elevator, begins to follow funeral corteges with no care for his own safety, and has an uproarious session in the confessional with an inexperienced priest, his first for 22 years.

Actually Reynolds manages to remain deadpan

throughout the film, staying cleverly aloof from the fast dialogue and the insanely humorous sequences that the movie theme provides.

Apart from the more boring sequences when he tries to catch up for lost time with his many girl friends, and tie up loose ends with his family, there is plenty to keep you laughing. (So this movie is well worth a trip from your comfortable pad in St. Albert).

The movie really explodes into life after Reynolds has botched a suicide attempt and finds himself in the nuthouse regaled by the mating call of a black grouse from one of the inmates and the paranoid delusions of Dom DeLuise.

DeLuise is really the piece de resistance of this delightful poke into the taboo area of pre-death; fighting his own battle out loud with two divergent personalities and trying to help

Reynolds finish himself off, this combination is a winner for laughs.

Somehow Reynolds learns that life, no matter how much you have left to live, is the sweetest thing to hold on to. But he only comes to this stage after the final suicide attempt when he puts out to sea hopefully to drown.

His drowning attempt sees him break surface screaming I want to live, and desperately asking God to give him strength to reach the shore.

The Good Lord grants the request and the movie ends well with more comedy between DeLuise and Reynolds.

A great show and very cheering amid the sudden gloomy news from the UN and the NATO summit that our days may be numbered on this planet if the superpowers don't stop playing soldiers with each other.

## Entertainment Gazette

### Aboriginal art show opens June 3

For the first time, Edmonton and area residents will be able to learn about the lifestyle of the first Australians - the Aborigines through their art. This major new exhibit, sponsored by Alberta Culture and Festival '78, features more than 200 aboriginal weapons, carvings, weavings and paintings plus photographic documentation. The show will be at the Provincial Museum from June 3 to August 13.

The exhibit looks beyond the outward primitive appearance of a simple race of hunters, into the complex system of aboriginal beliefs, social organization, art, education and the working relationships between these elements.

The culture and art of the Australian Aborigine became rich and highly developed. This exhibit shows that economic, social, psychological and individual security was provided for both the weak and the able. Humor, art, dignity and responsible leadership were all valued. High efficient procedures were developed to educate the young. The past, present and future, known and unknown were bound together in belief expressed in song, dance and decorative arts.

As late as 1965 a few

Aborigine tribes had never seen a white person. Some of their paintings in the show illustrate their legends, and are a direct message from a stone-age people with a heritage of the land that goes back 40,000 years.

For the Australian Aborigine, art was a part of both daily life and religious ritual. Even the simplest boomerang, shield, spear, water carrier or household utensil was symbolically decorated. In dry, sandy country, the

ground itself provided a medium for artistic expression and story-telling. Construction of large ground paintings often involved as many as 30 Aborigines.

Other interesting areas of the exhibit are the totem pole carvings by the people in jungle areas and religious paintings done on eucalyptus bark.

The Museum is open seven days a week, 9 a.m. to 9 p.m. Admission is free.

### Colter's out - Emmy Lou's in!

Waylon Jennings will be joined by Emmy Lou Harris (not Jessie Colter as previously announced) - at Klondike Day's Coliseum of Stars on Friday, July 28 at 8 p.m.

Waylon and Emmy Lou will entertain country fans with their unconventional brand of country music, considered country cross over.

Emmy Lou Harris is noted for her melodious harmony, she has sung back up on albums with Linda Ronstadt and Bob Dylan. Emmy Lou's album "Elite

Hotel" has been very well received by her many fans.

An added attraction will be the performance of the Goose Creek Symphony, appearing as part of the evenings entertainment.

\$7, \$8 and \$9 tickets are on sale at all Exhibition outlets, the Coliseum box office, all Edmonton Woodward stores, the Bonnie Doon Mall and HUB Mall at the University of Alberta. Cost of the tickets include admission to the Klondike Days

#### Superb Production

The players and stage hands were joined by the audience showing their appreciation to Cameron Ross. Cameron was the director of the Paul Kane production of Matchmaker, which played May 25 - 27. It was an excellent play.

# Chet Baker gets back to jazz

## YOU CAN'T GO HOME AGAIN

PERSONNEL - Love, for Sale: Chet Baker - trumpet; Michael Brecker - tenor sax; John Scofield - electric gui-

tar; Richard Beirach - electric piano, clavinet; Ron Carter - acoustic bass; Alphonso Johnson - electric bass; Tony Williams - drums; Ralph MacDonald - percussion. UN POCO LOCO: delete Ralph MacDonald and clavinet; add Hubert Laws - flute and Don Sebesky - electric piano. EL

MORRO: delete Alphonso Johnson and Don Sebesky; add Hubert Laws - bass flute, piccolo; John Campo - bassoon and Ralph MacDonald - percussion. YOU CAN'T GO HOME AGAIN: Chet Baker - trumpet; Paul Desmond - alto sax; Kenny Barron - electric piano; Ron Carter - acoustic bass; Tony Williams - drums and Don Sebesky - electric piano.

Don Sebesky was the big hand behind "You Can't Go Home Again" producing, arranging and conducting the excellent musical talent, which is on this disc. While Sebesky undoubtedly aided Baker considerably on Chet's comeback album, he is also the cause of it's failings. Basically this is a good record and has some very solid music, but the background is too overpowering on most of the tracks and clutters the quality with an overabundance of sound. Mind you, the solo efforts are excellent.

"Love For Sale," a Cole Porter tune starts off the album and contains some great music, but the complicated background reduces

its appeal. John Scofield plays a mean guitar and is the feature of this cut. Tony Williams is at his level best here and throughout the album, but is on the edge of being a little overexuberant at times. Alphonso Johnson plays a mooged electric bass, which is different, yet only a foil for the craftsmanship of Ron Carter on acoustic bass. Michael Brecker throws in some good licks on tenor sax.

Ed Bud Powell's number, "Un Poco Loco," finishes off the first side and adds Hubert Laws on flute, which doesn't really add much to this tune. Chet lays down a solid solo on this track, while Brecker fills in with some heavy sax work. Scofield is outstanding. The background again consumes the up-front sound, often coming out just short of noise with some good licks escaping from it.

The title track is a Sebesky creation and is easily the best total performance on the album. Sebesky seems to do a much better job on his own material. There is no overbearing background and Chet is able to blow his strongest. Paul Desmond adds his usual brilliant touch on alto sax. He appears on this one track only as his failing strength diminished. Four months later, Paul died of lung cancer, a great loss to the world of jazz.

"El Morro," originally "The Rape of El Morro," is another Sebesky composition and finishes off the album. The background is subordinated making this cut definitely listenable. Michael Brecker puts out his best for this tune. Hubert Laws appears again, this time on bass flute and piccolo. Percussionist Ralph MacDonald backs this arrangements with some effective highlights.

I rate this album as "three ears," playable but not something you will listen to all that often, it will wind up in the middle of your record

collection somewhere.

(1 ear - dust collector, 2 ears - mediocre, 3 ears - playable, 4 ears - up front, 5 ears - a real fave).

## FURTHER NOTES

I came across an album, "Carnegie Hall Concert (volume one)," which brings Gerry Mulligan and Chet Baker back together doing some of their old stuff. This live album was recorded on November 24, 1974 after a great effort by Don Friedman (the producer not the pianist) to bring these musicians together again after a 10 year break.

The most intriguing point of this l.p. is the number "My Funny Valentine" which is played almost note for note by Gerry and Chet as it appeared in the '50's.

On the same side is "Song For Stravhorn" which Mulligan wrote for Duke Ellington's inseparable companion who died in 1967. This number is a very good jazz piece and is the first time it has appeared on a disc.

An oldie, "Line for Lyons" starts off side one and is followed by "Song for an Unfinished Woman" which are both very well done.

Appearing on the album with Baker and Mulligan are Ron Carter - bass, Bob James - keyboard, John Scofield - guitar, Harvey Mason - drums and Dave Samuels - vibraharp and percussion.

The album was produced by Creed Taylor, as was volume two, which I didn't listen to. I rate volume one as a 3 1/2.

### Dance auditions

The dance program of Grant MacEwan Community College will hold placement auditions for the 1978/79 academic year on Tuesday, June 6 at 7:30 p.m. in the gymnasium at Jasper Place Campus; 10045 - 156 Street. The audition will be in the form of a class taught by a regular instructor.

Leotards and footless tights are suggested for the modern section; regular tights, leotards and slippers for the ballet.

For more information phone 484-7791.

all moving at a rapid pace. Trophies were polished and displays were prepared.

Both junior and senior drill teams practiced in the afternoon, as very little time is left before the Provincial Competitions being held this weekend. Competitions will begin at 0830 hrs. and are being held at Griesbach

Gymnasium.

Tomorrow night, June 1, 1978, is annual inspection at #533 and our cadets will be out to show parents, friends and all what they and their squadron can do. It will be held at 7 p.m. at the Arena, Perron Street, and all are invited to attend the parade and the open house immediately following, which will be at the Community Hall.

Training aids, course displays and general information will be available to anyone interested.

#533 was selected "Top Squadron in Canada" last year and we invite the citizens of St. Albert to come out and see why.

# Ballet school presents five new ballets

The annual performance of the Alberta Ballet School will be held on June 7. Five new ballets will be presented,

including "Pachelbel and Friends" which is choreographed by Alberta Ballet Company dancer Lambros

Lambros. The Junior School is featured in a ballet called "The Wonderful Magic Carpet" - a story set in the days

of the Arabian Nights.

The performance starts at 7:30 p.m. and will be at the Jubilee Auditorium. Tickets

are available at the Alberta Ballet School, 10058 MacDonald Drive and at the

door. They cost \$4 for adults and \$2 for children and senior citizens.

## Your one-stop phone shop!

**phoneCentre makes life easier with speed, convenience and savings.\***

When you live in a phoneCentre area, you can shop for phones, take them home, plug them in. phoneCentre is designed to fit today's lifestyles. Forget fitting a service call into your busy schedule. You visit phoneCentre at your convenience. And look what else you can do:

*Arrange for service* - initial installation through phoneCentre costs less than regular field installation. *Choose extra phones or exchange phones for different styles and colors* - at the time of initial service there's no additional charge. *If phones are added or exchanged later, there will be a small service fee.* *Pay your account.* *Exchange a phone that's not working for a new one.* *Even return phones for a credit when you're moving.* Phones remain the property of AGT but the speed and convenience of phoneCentre are all yours.

\*Speed and savings apply only to phoneCentre-served areas.

## CONTEMPRA

**You've got it all in the palm of your hand.**

Contemptra's dial and "recall" button are hidden in the handset for added convenience. Make two calls - or ten without replacing the receiver. Also in Touch-Tone (where available, for single line customers only)

## Akins wins junior high tennis

In the annual junior high tennis competition held last Saturday, Lorne Akins emerged as the winner of the St. Albert Sportshop Trophy as overall winners.

The winning school at the Grade 7 level (winning the new St. Albert ATA Local 66 plaque) was Vital Grandin with 26 points. Bertha Kennedy was second with 20 points, Akins third with 15, Albert Lacombe 12, Simpson 6.

There were eight competitors in boys singles and the winner was Brian Chai from V.G., second was David Cole from Akins, third - John McKinley from B.K., fourth - Don Bremault from B.K.

The most heavily contested division was the Grade 7 girls singles with nine competitors and Debbie Lopez from V.G. was the winner. Second was Ingrid Mann from B.K., third Elizabeth O'Leary from V.G., fourth Carol Roch from A.L. and fifth Cheryl Hustins from Akins.

The winning school at the Grade 8 level was Lorne

Akins (winning the new St. Albert ATA Local 73 plaque). Finishing first among the four boys was Ashley Sage from Akins, second was Erin Orr from Akins, third was Dan Laplante from Maloney.

Winner among the four girls was Shauna Cooper from Akins, second was Brenda Verhalst from Akins and third was Grace Polanski from Maloney.

The winning school at the Grade 9 level (winning the new St. Albert ATA Local 73 plaque) was V.J. Maloney. The winner among the four boys was Chris Donnelly from Maloney, and second was Jesus Almeda from Maloney, while Mark Hoffman from Simpson placed third.

The winner of the five girls singles was Dorothy Kirk from Akins, second was Sonja Jenkner from Maloney, third was Jennifer Dawson from Simpson.

All competitors are encouraged to enter the next junior tournament tentatively set for June 17. If you are interested contact Reiner Sattler at 459-4270.

Juniors are also reminded of the regular Monday-Wednesday organized play sessions for juniors at the Mission courts from 4 - 6 p.m. under the supervision of Bill Osborne (and sponsored by the Tennis Club).

Bill is also willing to do testing for tennis crests

during these times if some juniors are interested.

There is an information sheet explaining the crest tests at Mission - further information can be obtained by phoning Judy Wood at 459-8696.

### ROLLERSKATING CLUB FORMS

... A group of students at Lorne Akins Junior High have organized a club for rollerskating enthusiasts. The students held a disco May 18 to launch a fund raising project to finance purchase of skates for rental use. At present those with skates will be using the Perron Street Arena on a few trial weekends and then hopefully in the summer on a regular basis. Sandee Heselwood, Holly Krier, and Sharon Dobratz turned over \$127 to St. Albert Youth Worker, Brian Leonard, who will be setting up a bank account for the club as well as aiding in the organizational end of things. Mrs. R. de Champlain (right) of Music Machine, supplied the entertainment for the disco.

## Festival of the Arts at Paul Kane

The "Festival of the Arts" has been kicked off with another successful production by "Company 30."

Thornton Wilder's "The Matchmaker" played to highly amused audiences from May 24 - 27. Congratulations to director Cam Ross and his excellent cast of actors, actresses and production assistants.

The week of June 5 - 9 will bring another showing of the talents of Paul Kane Fine Arts students.

Monday, June 5 at 7:30 p.m., the P.K. cafeteria will echo with the sounds of various bands during a "Band Concert" under the direction of Brian Magee.

From Tuesday, June 6 through Friday, June 9 the "Visual Arts Show" will be open for viewing between 9 a.m. and 3 p.m. in the

Theatre Arts Room. The show, featuring drawings, illustrations, design projects, paintings, prints, pottery, batiks, photography and weaving will also be open Wednesday, June 7 from

7:30 - 9:30 p.m.

On Wednesday, June 7 there will also be a "Performing Arts Coffee House." "The Last Spoke" will feature a variety of musical talents, poetry, and dramatic

readings. Shows, in Art Room A, will be at 7:30, 8:30 and 9:30 p.m. Seating will be limited and on a first come basis.

The public is invited to all the events.

## St. Albert High Reports

By Monica Tapp

Well, here I am again. Due to the long weekend, I didn't get an article in last week but never fear - the Mutt (that's me) is here!

Friday, the 19th was the S.A.H.S. Grad. The excitement penetrated even the hardened hearts of the teachers who were more lenient and friendly than usual. The warm summary was perfect for the Grad - not to mention the post grad! "Old Sol's" dazzling grin was unmatched but for the brilliance of the grads' triumphant smiles as they received their diplomas.

Barb Kathol was named "Grad of the Year" - an honor indeed deserved by this friendly and pretty grad. Tony Morris should also be

mentioned here for the good job he did as valedictorian.

Track and field competitions have been going on in the past couple of weeks. Out of 28 S.A.H.S. students who attended the conference meet at Morinville, eight qualified for the zone meet. These were Joanne Chelkowski, Joanne Gagnon, Wendy Osborne, Byron Bailey, Barry Thachuk, Barry Cardinal, Paul Hoffart and Grant Young.

The regionals will be held at Sherwood Park this Saturday and you can bet that St. Albert High isn't being left out! We've got Byron Bailey representing us in both hurdles and relay and we're backing him all the way. Good luck Byron (Debbie is rooting for you!)

Despite all the good things happening at the high school lately, there is one bad thing. A black shadow has been slowly creeping up towards us, engulfing the students in its confusing, horrid darkness while the teachers look on with sadistic smiles playing on their faces. **Final**

Exams are only 11 days away. Help! But ... (every cloud has a silver lining you know) after exams comes summer holidays - WOW!

I think I'll cut out while still on a happy note - 'til next week and happy cramming!

## Teen Scene

By Brian Leonard  
Community Youth Worker

Bill Robinson has been hired as Hot Spot co-ordinator for our summer program. We want as many teens as possible to have input into activities for the Hot Spots. (Grandin Clubhouse and Lacombe Clubhouse). If you have any ideas give Bill a call at 459-6601, ext. 77.

St. Albert teens will have a chance to participate in a four day teen jamboree July 11-15. The emphasis will be on leadership with about 10 communities participating. We will accept applications now at Community Services. We are selecting participants now so they may have a part in planning St. Albert's contribution.

There are two positions left for Hot Spot workers. Minimum age is 16. See Mindy at Hire-A-Student.

## The Hideout Column

Thanks to the teens and teen-aiders who attended the May 23 members meeting. I'm sure everyone of you experienced some frustration at the meeting, but what's come out of it has been very worthwhile.

Disco 3 - Friday, June 2, 8 p.m. to midnight at the Hideout. Back by popular demand is Mrs. DeChamplain and Music Machine. Prices 99¢ members and \$1.99 non-members.

Wanda Mayhew has been hired as teen centre co-ordinator and will be starting work June 19. If you see her at the Hideout in the meantime please make her feel at home.

Grand opening is June 10 from 1 - 4 p.m. Everyone is welcome.

### ST. ALBERT UPHOLSTERY LTD.

R.R. 1, SITE 1, ONOWAY. 967-5154

## Hire a student

The St. Albert hire-a-student office is really doing well this year. But we could still use more support from the businesses in St. Albert. If you, as an employer, need any help this summer please contact me, Mindy Moore, at St. Albert's Community Services, 458-7670.

Also if any of the residents in St. Albert are attending University or College in September, you are eligible for hire-a-student. So if you are in need of a job please contact me anytime between 8 a.m. and 5 p.m.

I would also like to thank all those employers in St. Albert who have gone through H.A.S. to fill their summer openings.

Thank you, St. Albert.

Saturday's beautiful weather made for great cycling conditions at the Lions Bike-a-Thon. Here Len Nobert, Father Levangie and Cindy Smith seem to be enjoying the outing as they pedal along a tree-lined Sunset Boulevard.

## Vacation Bible School planned

The St. Albert Evangelical Lutheran Church is offering two separate weeks of Vacation Bible School. The focus will be on the theme *Hosanna* and will help the children to celebrate with joy and thanksgiving the many gifts God has given us in the gospel and in His creation.

The first session will be June 12-16, 9 - 11:30 a.m. for pre-schoolers (ages 3-4-5). The second session will be July 24-28, 9 - 11:30 a.m., for Grades 1 - 6. All children in the community are welcome to attend, and we would appreciate an early registration so that final plans can

be made.

The activities will be varied; mid-morning refreshments will be served. The cost of \$2.50 per child will go to help pay for materials used. For all registration information please call the church office (458-6012) or Margaret Olson (458-8018).

## Legion assembles forces for national unity cause

The Royal Canadian Legion has committed itself to a two-fold program that will endeavour to encourage Quebecers to remain in a united country, and to influence Anglophones to press for constitutional changes that will minimize existing problems and help secure the future of Canada.

After a series of meetings and exploratory discussions over the past six months between senior Legion executives and legal and economic experts from across Canada, it was concluded

that an important role could be played by Canada's largest fraternal organization at this time of unity crisis.

In a major policy statement made in Calgary on April 1 before a meeting of Legion executives from the province of Alberta, Mr. Robert McChesney, immediate past president of the 500,000 member Legion said that Canada was in grave peril of breaking up, and that the Legion, rather than sit idly by and watch the dismemberment of our country, would take a leadership position in influencing public opinion on the side of change and the preservation of a single nation. "There must be a prompt and significant change in attitude in every part of our nation," said McChesney. "It is the Legion's opinion that there is no time to lose because the majority of Canadians are unaware that a major crisis exists. The justifiable fear that the French have of losing their culture and language must be recognized."

Principal steps in the program were outlined as follows:

1. Because of the size, composition, and nationwide structure of the Legion, its members will first be alerted and provided with information on the urgency and dimension of the crisis.
2. Members will use their position in their respective communities to influence other Canadians and to encourage additional organizations, the public, and the media, to become associated in the program to better understand the complex issues at stake.

3. A Legion Task Force has been formed to visit the 10 provinces to brief Legion officers on Canadian unity and to explain the decisions taken. These officers will be

encouraged to inform the Task Force of the local difficulties being experienced by our Canadian nation in the various provinces and regions, and to form provincial task forces for more detailed activity.

Mr. McChesney further stated that the Legion hopes to impress upon its membership the fact that Canada is faced not only with the problem of Quebec independence, but that there exist in other regions other problems which, if unresolved, would present an equally complex and difficult situation.

"We also hope," he said, "that this evidence of fair play will convince those who are not currently supporting the Federal system in Canada that there is indeed hope and that the necessary changes will be made. Language and culture can be better protected in a united Canada."

Mr. McChesney concluded by saying that if Anglophones, by their goodwill, understanding and support for change can encourage a majority of Quebecers to vote against separatism then a giant step forward will have been taken by Canada.

The Legion Task Force will visit Edmonton in June.

Another major step taking by the Legion is the presentation of a Brief to the Pepin-Pobarts Task Force on National Unity. It advocates patriation of the Canadian Constitution along with an amending formula and concurrent major amendments; that fundamental rights, including linguistic, be included in the Constitution; that changes be made in our electoral system; provision for the provinces to have more participation in appointing people to the Senate, the Supreme Court and certain Federal agencies.

## Club brunch to feature fashions

The North American infatuation with blue denim began with Levi Strauss' workpants for cowhands and grew to become an enduring fashion craze. The fashions in denim keep evolving and women of the St. Albert Christian Women's Club will have a chance to see the latest denim designs at their upcoming brunch on Thursday, June 8. As usual, the brunch meeting will be held at the St. Albert Inn from 9:30 to 11:30 a.m. The denim fashions will be shown by local retailer Irene McGillis of St. Albert's Denim Den. Music for the event will be

provided by Peter O'Donnell, guitar soloist and composer. Inspirational speaker will be Sandi Lebre, wife of a former Edmonton Eskimo, who is now co-director of a Youth Ranch.

As always, reservations are essential for the event and cancellations are necessary. Admission is \$4 per person.

A nursery service is available at a charge of \$1.50 per mother and is for pre-schoolers only. If not contacted by June 2, please call Diana Unrau at 458-9672 or Lorraine Carter at 459-7313.

#### CLERK TYPIST I-II

Location: 7 St. Anne Street, St. Albert

\$658 - \$850 per month (currently under review)

Alberta Social Services and Community Health, requires the services of a typist for their St. Albert District office. This position offers a full range of secretarial duties including typing, dictaphone, reception and filing. Qualifications: Grade XII plus business courses. Experience is preferred.

Interested candidates are asked to contact the Alberta Government Employment Office at 427-8466 by 4:30, Friday, June 2, 1978.

## Introduction to back-packing

Learn the basics of back-packing starting June 5 at Grant MacEwan Community College. Topics covered will include, clothing, equipment food, route finding, first aid, survival and wilderness ethics. The course will consist of three two hour planning workshops and two back-packing trips.

The first field trip will be for one day in the Edmonton area to check out stowage of equipment and the overall weight of the packs. The second trip will be a weekend

at the Wilmore Wilderness Area. The course will have a low student to leader ratio, with instructors experienced in both hiking and mountaineering. Course fee is \$32. Starts Monday, June 5 at 7:30 p.m. at the Assumption Campus.

Phone the Continuing Education Division for more information at 462-5550.

### This is fun?

Lea Nielson doesn't appear to be very pleased having to wear a life jacket. Lea's parents, Peter and Melanie of St. Albert, were on their way to Big Lake by canoe.

### "HOT SPOT" PROGRAMME WORKERS (Competition #78/68)

Responsibilities include assessing social and recreational needs of junior teens and assisting in setting up programmes to meet those needs.

The successful applicants must be students of at least 16 years who enjoy working with teens and the general public. Salary is based on \$120 per week.

Applications quoting the Competition Number should be submitted by June 2, 1978 to the Personnel Supervisor, City of St. Albert, Churchill and Grandin, St. Albert, Alberta, T8N 0G2.

## Tire playgrounds being built this weekend

Can the Grandin Park residents build a creative tire playground in one weekend? Yes. We can and we will! This Saturday, June 3 is the time. Albert Lacombe school grounds is the place. Many people have already volunteered, but more are still needed.

Tires big and small will be

assembled into play structures comparable to the "Big Toy" pieces so popular in Hawrelak Park.

Tire toys have the same action provoking child appeal. But, they are much less expensive, and are inherently safe - no hard or sharp surfaces to hurt the children, no exposed concrete, and no

slivers. Sand provides a soft surrounding surface.

Tire swings, suspension bridges, cubics for climbing and even a "ship" will delight the older children.

Smaller structures and tire pyramids will attract the smaller children.

On Friday, June 2, the playground consultant, Mr. W. Weisz will prepare the site with markers, and supervised backhoe and sandfill operations.

Tires will be sorted, drilled and color coded by volunteers. A training session Friday evening will provide team leaders with the plans and construction sequence for each tire structure.

Saturday, "T.P. Day" is a community event that has all the atmosphere of an old fashioned barn raising. It will be a day of hard work comaraderie, and proud satisfaction.

Volunteers of both sexes are requested to wear work boots or sturdy shoes.

Mr. Weisz will co-ordinate all stages of construction. When the work is done, and all tools and materials removed from the site, the children will be invited to try out their new playground.

This is a total family and community project. Children can take part in the building of their own playground.

For pre-schoolers, there will be babysitting with

crafts and activities. Grandparents are invited to don an apron or a workshirt. Lunch will be provided for all volunteers and their families.

Please lend us your support and volunteer now by phoning Carol Shaley, 459-4258 or Elaine Twizell - 458-6146.

Mission Tire Playground is being constructed at Father Jan School on Sunday, June 4th.

The Mission group appears to have their volunteers lined up but anyone who would like to get involved Saturday can phone Dale Dvorack at 458-1498.

# Home of the Week

## ALPINE COTTAGE

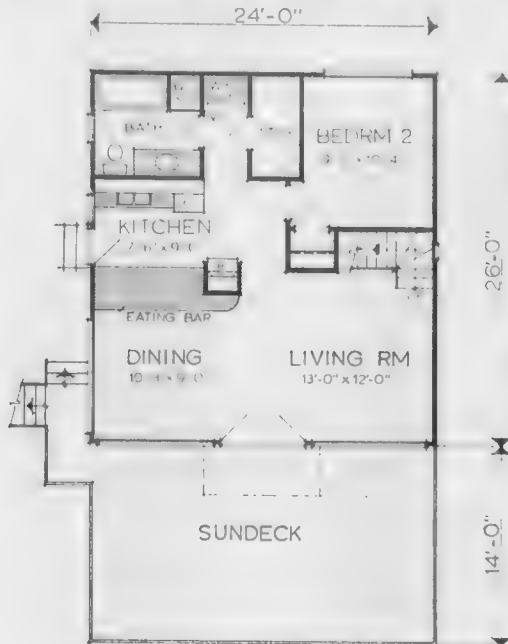

Plan No. P10-2-121

Get the most out of life with this unique summer cottage, featured as the plan of the week.

The heavy shake roof is complemented by the gingerbread trim of the gables. Vertical battens on the walls, decorative railings, with the clever use and design of the support beams, create an attractive exterior. There's a driveway under the sundeck, which can be enclosed, leave it as a carport as shown, or if it's more desirable close it in for storage.

Directly from the carport illustrated here, the outside stairway leads to the large sundeck and front entrance. At the side, it's only a few short steps from the back door and kitchen.

Double doors from the sundeck open to a spacious living area, created by combining the living and dining rooms. The entire front and dining side of this area features view windows, with a maximum of daylight. A free-standing fireplace (the acorn type) can be installed in the living

MAIN FLOOR

624.0 SQ. FT

PLAN NO. P-10-2-121

TOTAL 1,070.0 SQ. FT

UPPER FLOOR

350.0 SQ. FT

room, beside the staircase, with the flu running up through the exposed joists to the roof. For quick lunches and snacks, there is an "eating bar," which allows convenient service to the dining room as well.

Designed for easy meal preparation, the compact kitchen has the range and oven enclosed at the end of one counter, and the fridge at the other end of the counter, close to the twin sink, for convenient food preparation. The back door allows convenient access for all household supplies.

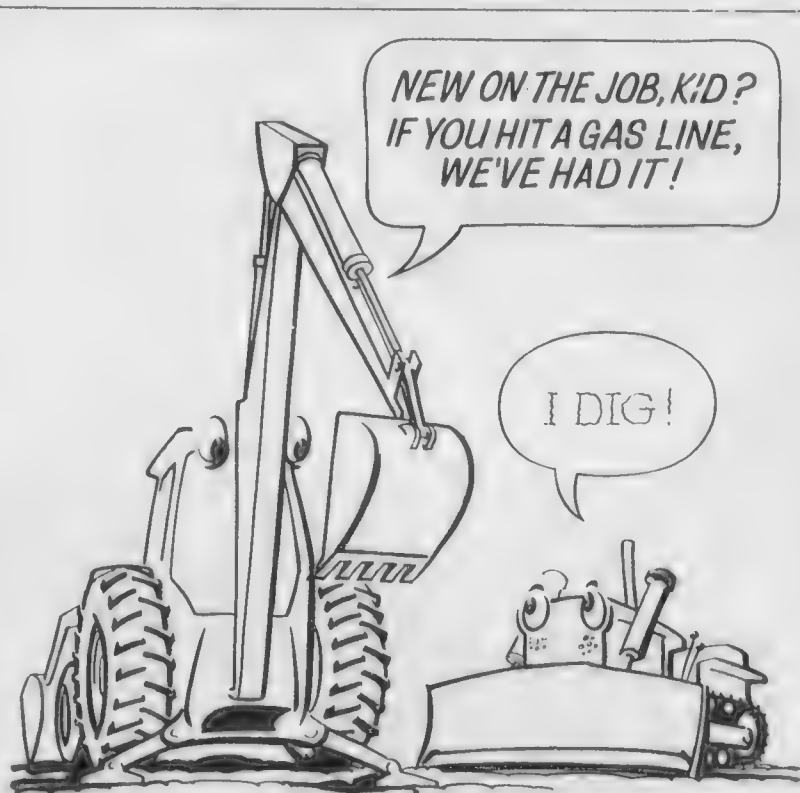

The smaller of the two bedrooms is perfect for weekend guests, as it has its own view window, closet space and privacy.

On the second floor the master bedroom has a large closet and a view window to the rear. A bonus feature is the sleeping loft for those extra guests that bring their

sleeping bags. In one corner is a planter where trailing plants will hang directly over the eating bar and benefit from the maximum daylight. Double doors from the loft open to the balcony at the front, which completes the design of this Alpine cottage.

Plans for design No. P10-2-121 may be obtained at a cost of \$40 for a set of three and \$8 for each additional copy. Allow \$2 to cover postage and handling.

To view more than 100 well designed quality homes of every type, send for the current publication of Home Plan Catalogue available for \$2.65 (\$2.25 plus 40¢ postage and handling). Make cheques and money orders payable to Plan of the Week, and mail to: Plan of the Week c/o St. Albert & Sturgeon Gazette, 324 Columbia Street, New Westminster, B.C. V3L 1A6.

**NOW MORE THAN EVER, IT'S  
IMPORTANT YOU CALL YOUR GAS  
COMPANY BEFORE YOU BREAK GROUND.**

Damage payments in the thousands of dollars! Extensive downtime! A community angry because its gas supply has been cut off! Tragic explosions!

These things happen too often. To contractors, backhoe operators, even to backyard power posthole diggers.

Maybe it's because Alberta is such a busy place. In the past year over 465 miles of underground gas mains were installed in Northwestern Utilities' service area. That makes a total of 6,720 miles of them plus over 210,000 individual service lines. How does a person know where to start digging?

Plan to call your gas company's "Pipe Locator Team" at least 48 hours before you dig. They have radio dispatch trucks. They'll come and stake out the alignment of all gas lines so you can dig safely. The service is free. Your life is worth the effort.

## SWIMMING LESSONS

Sessions of swimming and diving lessons at Grosvenor Park Swimming Pool have been scheduled as follows:

Session 11 - July 4 to 14;  
Session 111 - July 17 to 28;  
Session 1V - July 31 to August 11; Session V - August 14 - 25 with lessons being held between the hours of 8 a.m. and 12 noon, Monday through Friday. Sessions for mothers and preschoolers have also been scheduled.

Classes will be cancelled on Statutory Holidays and there will be no make-up lesson.

Two sessions for adults will be held in July and August with lessons being held on Tuesday and Thursday evenings for four weeks. The fee for all sessions mentioned above is \$5.00.

Bronze Medallion courses will be held in Sessions 11 and 1V and Bronze Cross in Sessions 111 and V.

An advertisement giving fuller details will appear in the Gazette within the next few weeks. In the meantime, registrations for the above classes are being taken at the pool between 1 p.m. and 7 p.m. Monday through Friday. Enquiries can be made by telephoning the pool at 458-2002.

## POOL ADMISSION FEES

Admission to Grosvenor Park Pool is now 45¢ per person.

A format for books of swim passes has been proposed which will be valid at both the outdoor pool and the new indoor pool, when completed. When approved, the cost and availability of the books will be advertised.

Patrons are reminded that the City is not responsible for articles left or lost at the pool. Please leave all valuables at home.

## SUMMER PROGRAMMING

Community Services staff

are now preparing for the playgrounds and daycamps which will be held during the summer.

As in past years, there will be eight locations (the outdoor hockey rinks) where the playgrounds will operate. This program is for children aged 6 - 12 years and will operate on a daily basis 9:30 - 4:30 p.m., Monday through Friday (excluding Monday mornings). There is a one-hour lunch break from 12 - 1 p.m. during which time the leaders are not responsible for children who remain at the playground.

On Monday mornings from 9:30 a.m. - 12 noon there will be the pre-schoolers playground program for children aged two to six years. Children not toilet trained are to be accompanied by a parent.

A program for the handicapped will also be offered and will operate out of the Lacombe Clubhouse on Larose Drive.

The co-ordinators are again setting up an exciting program including arts, crafts, dance, drama, music, sports, games, field trips and special events all leading to a fun-filled summer for the children. There is no fee for the playground program.

Six daycamp sessions will be offered throughout the summer. This year, so that more children can be accommodated, there will be two camps running simultaneously: one for seven to nine year olds and one for 10 - 12 year olds, both being held out at River Lot S6 on the Sturgeon River. A maximum of 20 children will be registered for each camp each session.

Day camps offer a week long outdoor experience of nature study, crafts, cook-outs and campfire fun. Thursdays (weather permitting) will be an overnight campout and the week closes on Friday mornings.

So that as many children as possible can be accommodated, registrations will be initially restricted to one camp session per child.

The fee for daycamps is \$8 per child.

Registration forms will be distributed within the next 10 days. There will be no advance registration. Watch for further information next week.

## HIRE-A-STUDENT

Mindy Moore is the hire-a-student co-ordinator for St. Albert this summer. Mindy works out of the Community Services Department at 20 Muir Drive and her hours for the months of May and June will be 3 - 5 p.m. daily. Mindy can be reached by calling 458-7670 during these hours.

## HANDICAPPED

On Thursday, June 8 at 7:30 p.m. at the Senior Citizen Centre, 7 Tache Street, the St. Albert Association for the Handicapped will hold a general meeting.

The guest speaker will be Mrs. Florence McKie. Ev-

eryone is welcome and coffee will be served.

## SENIOR CITIZENS

Choir practices usually held on Mondays, have now been discontinued till fall. The "Groovy Grannies" will meet again in September.

Seniors can still drop in at the Centre on Tuesdays around 1:30 p.m. and play cards or bingo. Bingo will be the name of the game on June 6.

The Health Unit will be conducting more hearing tests on Thursday, June 1 following the meals on wheels. Lunch which is served each week to a limited number of Seniors.

By bringing seniors to the Centre, the meals on wheels program enables them to not just enjoy a hot meal, but also a chance to socialize and to take part in whatever activity being presented.

If you would like to attend or would like more information, contact Hettie Blades at

459-4756 or Jenny Allan at 458-0472.

## BOOK & MAGAZINE REVIEWS

Life Begins Again at 65! by David Lander M.D. from Reader's Digest April 19, 1978 p. 62.

This is a very interesting and timely article by a retired medical doctor. Dr. David Lander has served the communities of Turner Valley and Black Diamond in southern Alberta for 32 years as a general practitioner.

## HOMEMAKER SERVICE

The Homemaker Service in

St. Albert is a Community Service which is available to all who need it regardless of financial or social status. Its primary objective is to safeguard family life in times of illness or crisis. It does this by preventing the uprooting of children and freeing the breadwinner to pursue his work. The family is charged a fee based on the ability to pay. The current fee scale is based on an hourly rate which is one-fifth of one percent of net monthly income. It ranges from 30 cents to a maximum of \$4 per hour. For more information regarding the service, please contact Mrs. Iris Bruce at 459-6601 ext. 44.

## Offensive Driving

Zinek #57 almost didn't make it to the finish line on the 50th lap as car 74 almost drove over Alex Easenko in #01.

## Western Canadian Stock Car Driving Championships

While the Indy 500 was running on the tube, Cobra Raceway held its first of five Western Canadian Stock Car Driving Championships.

Winning the 50 lap feature race was a Calgarian, Cedrik Zinek.

While 24 lams were run under the yellow caution flag the field of 19 cars dwindled down to 14 before the half-way point.

Attendance for the Sunday afternoon event was a dismal 400, which could be attributed to the race being rescheduled from Saturday night.

Finishing second and third in the feature event respectively were Bryan Kutryk of Edmonton and Harold Brown of Calgary.

In the trophy dashes Harold Brown took the fast stock with Don McCrory

winning slow stock.

Next event at Cobra Raceway is June 3, with the stockers running for points in the Stereo Barn Series.

## Insurance premiums

Of the individual life insurance policies purchased by Canadians during 1976, only four percent required a higher premium than normal. A study of these shows that 35 percent were because of heart disease, nine percent because of weight problems, 35 percent because of other physical impairments, 10 percent because of dangerous occupations and 11 percent for other reasons.

## We've got the Chief E-Z-Liner

This is today's most modern system of automobile body and frame repair. So advanced, the E-Z-Liner combines scientific repair principles with a precision "multi-pull" concept. And, the results? A vehicle that is repaired "factory new" ...above and below the surface! For a free estimate come in, or call today. Then relax.

# Spruce Grove KC's move into first place

Spruce Grove KC's blasted Enoch Tomahawks 22-11 last Wednesday night and moved into first place in the 14-team Sturgeon Valley Men's Fastball League.

The win was the KC's fifth in six starts while the loss to the Tomahawks was their sixth in a row without a win.

The KC's only loss to date was to the St. Albert Territorial Juniors by a 5-2 score May 10.

The Kings and Playboys, both from Stony Plain are tied for second place with four wins and only one loss.

Calahoo Chiefs and LBH Builders also have four wins each but they also have a pair of losses. St. Albert A's have a three and two record.

Four teams are tied with six points each as St. Albert Juniors, Onoway Royals, Devon Stingers and Poundmaker Native Sons all have three wins and three losses.

All games scheduled for Monday, May 29 were rained out.

All St. Albert scheduled games are being played at the Akinsdale diamond on Alpine Boulevard behind the

recreation centre.

Tonight's games and the June schedule are as follows:

**May 31** - St. Albert A's at Calahoo; Kings at Total Sounders; Devon at Enoch; Native Sons at Onoway; Alexander Braves at Playboys; Garden Valley at Spruce Grove KC's and St. Albert Juniors at LBH Builders.

**June 5** - Spruce Grove KC's at Devon; Calahoo at Garden Valley; LBH Builders at Native Sons; Onoway at Alexander; Playboys at Enoch; St. Albert Juniors at Kings; Total Sounders at St. Albert A's.

**June 7** - Spruce Grove KC's at LBH Builders; Garden Valley at Alexander; Total Sounders at Playboys; Onoway at St. Albert Juniors; Enoch at Native Sons; St. Albert A's at Devon; Kings at Calahoo.

**June 12** - Calahoo at St. Albert Juniors; Native Sons at Total Sounders; Kings at Spruce Grove KC's; St. Albert A's at Alexander; Enoch at Garden Valley; Devon at Onoway; LBH Builders at Playboys.

**June 14** - Spruce Grove KC's at St. Albert A's;

Devon at Kings; LBH at Enoch; Playboys at Onoway; Garden Valley at Total Sounders; St. Albert Jrs. at Native Sons; Alexander at Calahoo.

**June 19** - St. Albert A's at St. Albert Jrs.; Kings at Alexander; Total Sounders at Enoch; Onoway at Garden Valley; Native Sons at Playboys; Devon at LBH; Calahoo at Spruce Grove KC's.

**June 21** - Kings at St. Albert A's; Enoch at Onoway; LBH at Garden Valley; Native Sons at Spruce Grove KC's; Total Sounders at Calahoo; Alexander at Devon; St. Albert Jrs. at Playboys.

**June 26** - Onoway at Kings; St. Albert A's at Enoch; Playboys at Spruce Grove KC's; Garden Valley at Native Sons; Alexander at LBH; Calahoo at Devon; St. Albert Jrs. at Total Sounders.

**June 28** - Spruce Grove KC's at St. Albert Jrs.; Native Sons at Alexander; LBH at Total Sounders; Devon at Garden Valley; St. Albert A's at Onoway; Kings at Enoch; Calahoo at Playboys.

The league standings to date are as follows:

STURGEON VALLEY MEN'S SENIOR FASTBALL LEAGUE									
TEAM	G	W	L	T	P				
Spruce Grove KC's	6	5	1	0	10				
Stony Plain Kings	5	4	1	0	8				
Stony Plain Playboys	5	4	1	0	8				
Calahoo Chiefs	6	4	2	0	8				
L.B.H. Builders	6	4	2	0	8				
St. Albert A's	5	3	2	0	6				
St. Albert Territorial Jrs.	6	3	3	0	6				
Onoway Royals	6	3	3	0	6				
Devon Stingers	6	3	3	0	6				
Poundmaker Native Sons	6	3	3	0	6				
Alexander Tee Pee Crawlers	6	2	4	0	4				
Garden Valley Raiders	5	1	4	0	2				
Spruce Grove Sounders	6	1	5	0	2				
Enoch Tomahawks	6	0	6	0	0				

## Field hockey team returns victorious

The St. Albert field hockey team returned last week from an exciting long weekend participating in the B.C. Sports Festival Hockey Jam-boree. Their results indicate the high standard of play they have attained this season in winning five out of six games. They beat Beavers (Vancouver) 3-0, Kelowna, 4-2, Kamloops 2-1, Victoria Toms 3-1, Maple Ridge (Vancouver) 2-1, and lost to Burnaby in the last 30 seconds 2-3 with a penalty flick.

This is the team's first season in the Edmonton senior league and they have shown fine spirit and team work in winning two games, tying one and losing two against more experienced teams with representative players.

The team members are D. Callafas, L. Ewing, J. Berg, S. Fleming, M. Olson, J. Sietinga, D. Sietinga, M. Erickson, L. Darvill, L. Madsen, F. Yee and J. Hozack.

Four members of the team were named to the Alberta junior women's field hockey team this past weekend. Congratulations go to Marla Olson, Jannie Sietinga, Laurie Darvill and Jo Hozack. The Junior Alberta team will be competing in the Junior

National Tournament in Saskatoon at the end of July. The team members are willing to coach any junior

(under 19 years) or senior players who wish to learn the game and so join us in our many field hockey excur-

sions. Further information is available from Laurie at 459-4340.

## Pellets on top in Bantam soccer

Several outstanding saves by Pellets goaltender Greg

Beaussart led the team to a 4-0 shutout of the Bombers

May 23 in a game billed as the match-up of the week.

### Midgets gain first point

The St. Albert Midget Soccer team, Willowbrook Rangers, came from behind to tie Montrose 2-2 in a roughly played contest May 2. It was their first point since the Edmonton North East Zone began league action May 1.

The next home game for

the Rangers goes tonight at Sir George Simpson pitch. Game time is 7:30 p.m. for the match against Crestwood.

The Rangers will play a make-up game against Killenny Thursday night at Sir George Simpson. This game will start at 6 p.m.

### Soccer coaches clinic tonight

St. Albert soccer coaches and those interesting in coaching in the future are invited to a free coaching clinic tonight at the Grandin Clubhouse

Ian Crawford and Joe Petrone of the newly formed professional team, Black Gold, will conduct the clinic. The time is 9 p.m.

### Splooosh!

It might appear that the water smells bad at the Grosvenor Pool. However its this youngster's form of diving

Photo by Al Popil

## Lacrosse clubs show improvement

Although the scores continue to be lopsided in favour of strong Edmonton opposition, St. Albert peewee and bantam lacrosse clubs are gradually gaining ground, as players completely new to the game on both clubs gain experience and know-how.

After a week layoff, both teams hosted games at the Arena this Monday. The peewees played well but succumbed to strong offensive pressure by Aspen Gardens in a 12-2 loss. Michael Olendy's netminding actually kept the score down, as he repeatedly stopped visitors' rushes. Scoring for St. Albert were Gordy McKenzie and Graham Thompson.

The bantam club, sporting their new Toros sweaters for the first time this season, came out determined to do better than their devastating 24-1 loss in the season opener against Southeast Edmonton. Showing substantial improvement in defensive play, and supported by a sensational goaltending job by Chris Lane, they came out of the first period down by 3-1, with Mike Kennedy scoring on a nice corner shot.

Letting up slightly in the last two periods, and not getting an offensive game underway, resulted in a final 11-1 score for the powerful Southeast Edmonton team.

Tonight, both clubs see action again at the St. Albert Arena. On the weekend, St. Albert clubs journey to Whitecourt for two league games each. These promise to be more competitive situations, as Whitecourt is also in a building phase in lacrosse.

### Mite-y Minis!

The Mini Mites weren't around last Wednesday night when the Grandin Town Team (light uniforms) met the Lacombe Internationals in the Mini Mite Soccer League. It was a hard fought battle and the Internationals emerged the victors with a score of 3 - 0. Photos by Scott Holliday.

## Pitching highlights recent Builders' games

LBH Builders were both victims and victors in recent Sturgeon Men's Fastball League action, largely due to some outstanding pitching performances.

After three opening victories the Builders' bubble burst when they came up against a tough Calahoo Chief squad who defeated Builders 7-2. Arie Stevenson ace pitcher of the Chiefs, was in total control of the game as he struck out six and allowed only two hits, while southpaw Lenny Grew suffered the loss.

The game was actually

much closer than it sounds, as Chiefs held a close 3-2 lead until the bottom of the sixth, when two errors by the Builders opened the door for four unanswered runs.

The following Monday it was the Dick Bird show, as Bird led the St. Albert A's to a close 3-1 victory over the Builders. Bird's pitching performance allowed six hits but at no time except for the bottom of the seventh inning was he in serious trouble. Five strikeouts and several routine fly balls ended other innings in which Builders had runners on base.

Equally fine pitching performances were credited to Builders' starter Gene Lytwyn and reliever Rich Mercier. Both combined to allow only two hits, but again two errors led to the Builders' defeat.

Wally Cooper stroked two of the Builders' hits, but again the inability of Builders to bring the runners around led to their second straight loss.

On Sunday, Builders rebounded by defeating Onoway Royals 7-2 in a rain-out game make-up. Again pitching was the order of the day

as Gene Lytwyn allowed only two hits while striking out 10 enroute to the victory. The first inning was all that was needed for Builders as they scored three runs to cinch the victory.

Lytwyn was never in serious trouble throughout the game as he received strong fielding support from both infield and outfield to

help preserve the victory.

Builders were rained out in Monday night's game with Stony Plain Kings but return to action tonight at 7:30 when they host the St. Albert Juniors at Alpine Park.

Once again it will be exciting fastball action so support your St. Albert teams!

## Figure Skating News

Congratulations go to Natalie Lassiter, a member of our St. Albert Figure Skating Club, who was chosen to take part in a bursary fund seminar which will take place in Calgary in late August.

Natalie was one out of 25 skaters who was chosen from 50 entrants by a committee of judges and professionals. This bursary, provided by the Alta. N.W. Territories

section of the C.F.S.A. is a one week training program for young skaters showing potential as competitive skaters.

The following eight skaters have been going to spring sessions at Parkland: Brooks Barr, Decolynne-Jo Barteski, Pat Boutette, Jennifer Hamilton, Allison and Natalie Lassiter, Paula Peskewis, Carolyn Russell.

To those of you who are taking tests this coming Saturday, we wish you good luck!

## 458-2200 - St. Albert

This map shows the course of the first world championship river race, the Great Canadian Marathon. Boaters will have to manoeuvre the white water of the Smoky from Grande Cache to Peace River before attempting to navigate the channels of the North Saskatchewan from Nordegg to Edmonton.

## World championship river race set

By Darcy Henton

The first world championship river boat race will run through Drayton Valley this summer.

The Klondike 300, one of two races in the 'Great Canadian Marathon', will run down the North Saskatchewan River past Drayton Valley July 29.

More than 100 boats are expected to compete in the river race which will begin at Nordegg July 28 and conclude in Edmonton July 30.

The Klondike 300 first ran last year as a grudge match following the Great Canadian Smoky River Race.

Only eight boats completed the run down the river as a result of a fatal accident which killed one member of an Edmonton boating crew and nullified the first leg of the race.

This year's race, which is being advertised on an international scale, is expected to draw racers from Mexico, New Zealand, Venezuela, Argentina, Spain, Germany and England.

Race captain Larry (Soapy) Service said Drayton Valley residents will be treated to a river-boat slalom when the boats arrive at the end of the Drayton Valley leg of the race.

"We will be having a five buoy slalom out on the river. It will be quite spectacular," he explained.

More than \$40,000 in prize money will be up for grabs in

the two races which make up the world championship run.

Winners will be declared for the fastest time on the Smoky River White water section and the Klondike 300 North Saskatchewan Braids and channels section.

The river boater with the fastest time down the 900 kms. of combined rivers will be declared 1978 world champion river racer.

The race has been sanctioned for the world championship by the Union Internationale Motonautique Association in Belgium.

"Nothing like this has ever been done before. We're going on the map all over the world," race captain Service said.

Only 50 percent of the boats that make the Smoky River run are expected to be in shape to run the Klondike 300 due to the high white water stretch casualty rate.

Boats can, however, qualify to run only in the Klondike 300 section.

# OUR BEST STEEL BELTED RADIAL

No other tire company has ever offered so much. But then there's never been a tire like the Firestone 721. The New Generation Steel Belted Radial.

## The Very Different Radial

Our new steel cord is the very strong difference.

To make each cord, we wrap 7 brass-plated steel filaments around 2 and then bind them together with 1 more.

7 + 2 + 1 adds up to "721."

And this adds up to ten steel filaments per cord.

That's twice as many as in our previous steel belted radial tire. These stronger belts add up to increased wearability and resistance to punctures. And the low rolling resistance means increased gas mileage.

What's more, we've developed a new and better way to bond rubber to steel for better insulation against moisture.

## Proven over 5 Million Miles

721 is the most proven tire that Firestone has ever introduced.

We punished it on test tracks, highways, country roads and city streets. In the heat and the rain.

We drove it through tight turns and at speeds you'll never drive.

The full depth tread design ensures good wet weather traction for the life of the tire.

721 is new. But backed by 5 million miles of proof.

comes with

# no-charge services.

Good for as long as you drive on them.

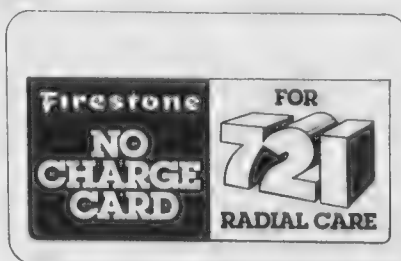

## Here's how it works

When you purchase a set of 721 radials and pay for balancing all four wheels and a front end alignment, you'll receive a personalized "No-Charge" service card. Right from the start we want you to get the most out of these great tires.

This "No-Charge" card makes you eligible for "No-Charge" service for as long as the tires are on your car. This card is valid at any Firestone Store or participating dealer in Canada, displaying the "No-Charge" card decal on their place of business. With this card, you are eligible for the following "No-Charge" services.

## Wheel Alignment

Wheel alignment check every 5,000 miles and if required, alignment is corrected. We use top quality equipment and our service staff is thoroughly trained to give you the very best service. At no additional cost.

## Wheel Balance

Wheel balance every 5,000 miles if required. It's important, not only to your comfort, but to the life of the tires to make sure your wheels are in balance. At no additional charge.

## Tire Rotation

Tire rotation every 5,000 miles. Another way to ensure even wear on your tires. At no additional charge.

## Inflation Check

Inflation check whenever you wish. In radials, inflation is a key element to tire wear and your safety. At no additional charge.

## Royals and Blues share top spot in N.C.A.B.L.

Rochester Royals and Vimy Blues are tied for first place in the 10-team North Central Alberta Baseball League with seven points each although the Royals have played one less game.

The Royals have not lost in league play to date while the Blues and the Westlock Astros have lost only one game.

The only team in the league without a taste of victory is the Alexander Braves who are winless in four starts.

In games played May 28, Morinville beat Waskatenau 13-1, Vimy took Barrhead 8-2, Westlock Red Lions hammered Legal 11-1 and Bon Accord shut-out Alexander 12-0. No score on the Westlock Astros and Rochester Royals was received at press time.

The league standings and June schedule are as follows:

May 31 - Westlock A at Westlock R.L., Waskatenau at Legal; Rochester at Morinville; Vimy at Bon Accord; Barrhead at Alex-

ander.

June 7 - Bon Accord at Barrhead; Legal at Rochester; Alexander at Westlock A; Westlock R.L. at Morinville; Vimy at Waskatenau.

June 14 - Waskatenau at Alexander; Rochester at Westlock R.L., Morinville at Vimy; Bon Accord at Legal; Westlock A. at Barrhead.

June 21 - Rochester at Waskatenau; Westlock R.L. at Barrhead; Alexander at Vimy; Legal at Morinville; Bon Accord at Westlock A.

June 28 - Morinville at Westlock A; Rochester at Bon Accord; Waskatenau at Barrhead; Westlock R.L. at Alexander; Legal at Vimy.

## Standards for coal mining issued

Guidelines describing waste water controls and standards for coal mining operations have been issued by Alberta Environment.

Permits to construct and licenses to operate coal processing plants and waste water treatment facilities, will be issued by the department, under the Clean Water Act, using the guidelines to determine adequate waste water management.

Developed by Alberta Environment in consultation with the Coal Association of Canada, the guidelines are

intended to improve the quality and reduce the volume of discharged water where there are areas of concern, the guidelines explain implications of the Clean Water Act to coal mine operators.

Water handling is essential in most coal mines, in processing, for hydraulic mining, and for miscellaneous uses, such as dust control and firefighting. In by precipitation, ground water seepage and surface run-off. The water could become polluted and may require treatment before it is discharged.

The guidelines apply to new mines and coal processing plants as well as expansions to existing operations. Compliance of older mines is determined on an individual basis.

Copies of the guidelines are available from Alberta Environment, standards and approvals division.

## SAMBA - Bat Time Stories

**as told by Uncle Rick**  
You could sum up this week's action in the SAMBA baseball circles as rather "in and out" -- that is, most players were inside (on account of wet diamonds) instead of being outside. Another profound statement ... All kidding aside, damp diamonds played havoc among all teams in ALL divisions. There was some activity and the results are as follows.

follows.

### MOSQUITO DIVISION

Only one round of games was on schedule in the A division among Mosquito teams ... the games of Wednesday, May 24. Melton's Mighty Mites mashed the Buxton Eager Beavers 23-3. At the same time the Safeway Seals splashed the Lacombe Park Red Roosters

off their perch 30-10 as Joel Borle spun another victory for Coach Bruce McGlashan's top-notch Seals.

All B division contests were washed down the mosquito-land gutters on Thursday. The rain cancelled fray featuring Melton's Mighty Mites and Safeway's Seals is expected to be made up Saturday morning at 9 o'clock on diamond two.

The Gazette Cards wrapped up the first half of their season Monday, May 23 at the expense of the Sturgeon Meat Marketters 31-22. Winning pitcher was Danny Zrubak of the Cardinals.

### BEAVER DIVISION

Coach Ron Kinney's ball

squad, Neil's Trailer Kings rolled over a couple of formidable opponents this past week during the good weather breaks. The spunky Sturgeon Valley Sod Busters were given a 31-13 spading on Tuesday evening and in a make-up encounter played Saturday morning. Coach Vic Hogan's Sportshop Cubs were caged 16-14 by the same Kings. Dean Williams homered in the Tuesday tilt and hurled the win Saturday.

As expected, Springer's Angels league leaders boarded up the Nu West Homers 10 to 4 with new pitcher Gilles Gardner on the mound for the winners. By the way, Nu West has a new headman ... Bill Derieu. Welcome to

SAMBA, Bill. Our thanks to outgoing coach, Cliff Black for your many dedicated hours ... sorry things didn't work out for you...

Credit the weatherman for Thursday and Monday rain-outs.

### BANTAM DIVISION

Our question of last week concerning the Bermont Bronkos was almost, but not quite, answered by Coach Bob Lewis and his Big M Shish-ka-bobbers. The rain ceased long enough last Wednesday to allow a pitcher's duel to develop between fast baller Terry Yost of Big M and Blain Malachen of the Bronks.

The rip-roaring Bronks won 5-4 but not before Yost had struck out 12 Bermonts ... Malachen fanned 11 Big M's and added two home runs to aid his cause. A super-catch by second baseman Rob Boddez ended a sure-fire rally by the Burgermen in their half of the seventh.

Skip Wheatley's Blasters from the Pennington powder room blew the Nu West Bombers off Lorne Akins diamond #23 in another wonderful Wednesday win 16-6 as the second place Neil's Trailer Kings were upset by the veteran Link Hardware Blue Jays 14-12. The local Blue Jays are doing much better than their counterparts in Toronto. Tom Shipanoff smashed a round tripper for Link. Russ Cockwill received credit for the upset triumph.

### NORWEST MIDGET LEAGUE DIVISION

Although the Barrhead County Kings seem to have no trouble playing their games, the rest of the midget nines comprising the Nor-west Midget Division have been hard-pressed staying up with the league schedule. The outlook is both good and bad, by the way, for the future of the league. As it now stands, this week ... perhaps tonight, a decision will be made regarding whether to continue the schedule as it now stands or drop two teams and revise the league schedule to include only four teams.

Barrhead's County Kings continued to rule the top spot with a double win during the week ... both coming from our local St. Albert midgets. The Kings entertained the first year Cardinals at Barrhead Tuesday outscoring the Rechlo-Balog coached Cards 14-5.

Barry Tachuk hit a triple, double, and single to become the game's top batter in his three trips to the plate. Pitching duties were shared by Doug Rechlo and Larry Schuchard of the St. Albert squad allowing a total of 10 Barrhead hits.

Bob Wimmer of Barrhead's mound corp went all the way allowing 10 well-spaced St. Albert bingles.

In a Sunday double-header for the St. Albert Saints, Barrhead took their second tilt of the week from a St. Albert team, 8-1 as coaches Galbraith and Tooth sent a trio of chuckers to the hill at Mission Park in an effort to stem the tide. The Saints won in a squeaker 4-3 Sunday against the Cards.

### FROM THE BENCH ...

By now, we're sure you've

heard that our lovely ladies of the SAMBA auxiliary are sponsoring a swinging baseball dance - their second annual - on Friday, June 9.

According to dance chair-lady Irene Cherkas everything is in readiness for everyone to have a real "ball" ... as Irene puts it "... there'll be refreshments, prizes, and surprises all evening at the Community League Hall ... dancing from nine to one to the music of Steve Anthony.

If you wish more information you can give Irene a jingle at 459-6963 or wait for the "phoning mothers" to call. You can also consult that super-fine newsletter just released by Carol Baird, auxiliary president, for a whole bevy of phone numbers. One thing for certain, tickets WILL NOT be available at the door. Another thing for certain, a full house sell out is planned so try to get those ducats early ...

For those of you who collect information about playoffs and tournaments ... Bert LaBuick has his playoff set-up very well explained in his mosquito division games list ... we'll cover that at another time ... it's a good one, by the way ...

Beaver division head Pat Lockert promises that all six house league teams will contend in a playoff with "some kind" of recognition going to the first place finishers during the regular season. At this point in time, Pat is a little hesitant to release particulars as his interesting plans are very much dependent on the weatherman and his predictions...

Boss of the bantam division, Jim Gleason had plans for a playoff involving the TOP THREE teams which will get off the ground sometime after June 15 ... again, depending on the "condition of the atmosphere" at the time.

In the on-again off-again midget baseball world, both St. Albert teams may be (and maybe not) contending in a midget tournament this weekend at Alexis ... stay tuned for that one ... also a midget tournament in Edmonton Sunday of a possible Buckaroo tournament for midget baseballers on Rodeo Weekend in St. Albert ... this is more ON than OFF ... but still in a talking stage.

Should city facilities shed the water this weekend there's some talk going on tonight about entering the famous Rosslyn baseball tourney at President Lorne Ross' house ...

In the words of Henry W. Longfellow (or was it Lorne Ross) "Rain, Rain, go away ... the SAMBA house league wants to PLAY" ... eh, coaches?

## Naming of hockey coaches delayed

St. Albert's Kinsmen Minor Hockey Association - Representative Division has postponed the naming of coaches for their eight representative teams until July

Coaches selection committee chairman Doug McConachie said the earlier Please Turn to Page 35

### Up and Away

Last Friday's Red Rooster Canadian Nationals at Speedway Park had a crowd of 2,500 on hand to watch Terry Capp of Edmonton win the top fuel event for dragsters. The top fuelers running for one thousand dollars a pass, saw Capp run 6:24 (230 mph) against Rob Bruins 6:36 (234 mph) in the final 1/4 mile run.

## delayed

Continued From Page 34  
deadline of May 1 is being extended because the division has elected not to hold early workout camps for prospective players.

The division is financing and operating two representative teams in peewee, bantam, midget and juvenile leagues.

Thus far applications from coaches includes both newcomers to the community and from coaches of past years but Mr. McConachie stresses "last year's coaches are not being given automatic preference."

He says: "All candidates will be reviewed by a selection committee and the best candidate will get the position."

Interested applicants are asked to submit a complete resume of qualifications to Mr. McConachie at 11 Falcon Crescent, St. Albert by July 1, including a statement as to which team he or she would be willing to coach.

The four representative "B" teams will play in a newly formed Sturgeon-Pembina Hockey League with teams from Barrhead, Westlock, Morinville and Sherwood Park as well as some northern Alberta teams including Athabasca.

The four "A" teams will continue playing in the same league as they did last year.

The representative division also announced this week their application to enter the Capital Junior Hockey League has been rejected.

The CJHL accepted Morinville and not St. Albert because Morinville originally applied for entrance one year ago. St. Albert has been advised to again apply for the 1979-80 season in January, but no decision has been made in that regard.

WADE HICKS

Mr. Donald E. King, President and General Manager, Buxton Real Estate Ltd., is pleased to announce the appointment of Wade Hicks to the position of Manager, St. Albert Gallery. Mr. Hicks brings a great deal of real estate knowledge and experience to his new position. Please feel free to call on Wade and his friendly staff for all your real estate requirements. 459-4461.

## Licensed boats are easier to trace

The Royal Canadian Mounted Police, "K" Division in an effort to improve boating safety has prepared a series of articles on laws and regulations dealing with small boats, powered and non-powered.

Only 45 percent of Alberta boaters carry the proper equipment, and the tragedy is that 48 percent of all Alberta drownings investigated by the RCMP during 1977 involved small vessels.

This week's article deals with licensing and life jackets.

The RCMP Canada Shipping Act section asks "Have you renewed your boating license for 1978?" A yearly renewal of boat license is not required. However, if you were not sure, then perhaps

it might be best to read on. Every vessel over 10 h.p. must be licensed. This applies anywhere in Canada. The application forms are available from your nearest customs office and are issued free of cost. The customs office will designate a number that will never change during the lifetime of your boat. Put this number on both sides of the bow (front), and make certain that they are at least three inches high, and are of such a color that they can readily be seen. When you sell the boat, complete the transfer slip on the back of the registration and forward to the customs office. If you have not done so, or you do not have the registration form for your boat for whatever reason, then contact the customs office and have this remedied. You may voluntarily license any vessel you wish and we recommend that this be done. There is no easier way to trace a found boat that has drifted away or to locate a vessel that is stolen. If you have any questions on boating, please contact your local RCMP detachment.

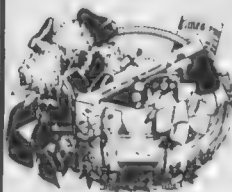

Want an easy way to remember which side is port or starboard? Left has four letters and so does port. Fortunately the left side of a boat is the port side.

So you just spent \$50 on a new life jacket. At that price it had better be good. Right? But ... is it legal? Every boater must have an approved life jacket, personal flotation device or life saving cushion for each person on board. Approved means approved by the Department of Ministry of Transport. If the jacket is approved it will so state somewhere on the life jacket. United States Coast Guard (U.S.C.G.). Approved life jackets are not legal in Canada.

### TODAY'S BOATING TIP

After a long drive to the lake, the hubs on your boat trailer will heat up. Be sure to let them cool before entering the lake, otherwise they will contract when they hit the colder water and allow water to enter the hubs.

Premier Peter Lougheed was surprised and pleased to see Redwater students lined up outside the Multi-plex following a meeting with residents inside. He took the opportunity to shake a few hands, much to the delight of the young audience, as he made his way to the helicopter.

## Premier Lougheed well received in Redwater

Premier Peter Lougheed kicked off his 1978 Cabinet tour, by literally "dropping in" on the community of Redwater early Monday morning. The Premier seemed quite pleased that a special landing pad had been arranged on the neatly trimmed fairway of the golf course, just outside the west entrance of the Multi-plex. Once the helicopter had landed, Mr. Lougheed was greeted by a small con-

ingent of residents and a cadet honour guard made up of Marion Graca, Doug Russell, Jim McColeman, David Melville, Victoria Graca and Lorna Grimsen, all members of the Sturgeon #524 Squadron.

Inside the Multi-plex, the volunteer group was busily preparing breakfast for the Premier, the honored guests and about 200 interested residents. The volunteer group was headed by the

mayor's wife, Mrs. Konasewich and received invaluable assistance from Matt Stetsko and five Brownie servers: Sherri Dust, Elizabeth Andrews, Janice Korpesio, Leisel Schmidt and Tammy Bunn.

Following the substantial portions of pancakes and sausages, Mayor Konasewich welcomed Premier Lougheed and MLA Topolnisky to "Redwater, the finest oil town in the World." After a brief introductory speech, Mr. Konasewich turned the floor over to MLA Topolnisky.

Mr. Topolnisky thanked the Brownies, the Cadets and the volunteer group for their fine reception and remarked on Redwater's many attractions. Please Turn to Page 48

### Morinville will try meetings cut-back

There seems to be some concern among Morinville municipal officials that there are too many meetings and that they go on too long.

That was what the agenda of this week's council meeting indicated with "meetings - too many - too long - Councillor Quinn."

But the item never came up at the council meeting even though it was on the agenda.

It was not a case of chickening out, just because Mayor Art Stapleton was absent along with Councillor Harvey Atkinson.

Deputy Mayor Ross Quinn told the Gazette Monday that the reason why the item was not discussed was (precisely) because the mayor and Councillor Atkinson were not present.

Deputy Mayor Quinn said the problem would be discussed when all the council was together.

He also pointed out that the main concern was not the length and quantity of regular meetings, but those in between, which are known to municipal politicians as committee meetings.

# Sturgeon Gazette

## No. 524 Sturgeon Air Cadets win praise

Tuesday, May 23 saw #524 squadron, with parents and friends, gathered at the Gibbons school gym for the final inspection. The reviewing officer was Major Paul Grondin.

Included in the reviewing party were Captain K. Farrar, Captain S. Geiger, Mr. J. Yuill, director of

administration for the Provincial League, Mr. E. Smith of the Provincial League, our CO Captain J. McHardy and Mrs. E. Hutchings, chairman of the sponsoring committee.

The music, provided by the #418 Air Reserve Squadron and the Loyal Edmonton Regiment combined band under the direction of Lt. C.

Jacobsen, added greatly to the march past and review.

At the conclusion of the review, Major Grondin began the distribution of awards. Senior cadets receiving certificates for completing five exits from the Airborne mock tower were WO2 F. Hutchings, Flt. Sgt.

Please Turn to Page 40

## MD plays it cool with explosive development

At its regular development meeting this week the MD of Sturgeon played it cool with an application from Edmonton Explosives Limited to set up three powder magazines about two miles southeast of the Evergreen Mobile Home Park.

Deputy Reeve of the MD Lawrence Kluthe remarked that the proposed magazines were fairly "close to the river," (the North Saskatchewan) and wanted to make sure there were some provisions for security.

One of the criteria for placement of the powder magazines is that they should be at least half a mile away from any residence.

MD Development Officer Gary Brownlee told the MD he didn't know what kind of security had been proposed

for the development when asked that question from Mr. Kluthe.

The site for the development is about five acres, near Apex Gravel.

It was generally agreed that the MD should speak with representatives of the

explosive storage units before they were constructed.

Security was a key issue with Mr. Kluthe, who, referring to terrorism, said: "The type of situation we have in this world, will come this way five or six years later."

## Tough for manufacturing industries

President of Loblick Industries, Gibbons, Norton Loblick told a government delegation visiting Gibbons Monday that Federal and Provincial Government intrusions and regulations of the manufacturing industry were making competition in Eastern Canada and British

Columbia difficult.

About 15 people, including Hon. Alan Warrack, Hon. Gordon Miniely, Mayor Reg Austin, Mayor Ken Fearnley and MLA Ernie Jamison were given a tour of the Loblick plant.

The tour was arranged by Mr. Loblick.

### REGULATIONS MAKING IT TOUGH

President of Loblick Industries Norton Loblick tells a government delegation in Gibbons Monday that regulations are making it a tough contest in Eastern Canada and B.C. as far as the advancement of the manufacturing industry are concerned.

ST. ALBERT & STURGEON GAZETTE, WEDNESDAY, MAY 31, 1978 - 39

### Spotlight on Sturgeon

#### Morinville needs to apply the brakes

Although Morinville Mayor Art Stapleton has expressed support of the 125 acre Denwell Developments light industrial park about one mile south of the town, there seems a general tone of anxiety among the council over industrial developments sprouting up around Morinville.

It got to the point at a council meeting in Morinville this week where councillor Walter Enright said: "The next thing we know, we will be surrounded by light industry."

Apart from the 125 acre industrial park on the make near Morinville, there is also talk of another 60 acre park just west of the Denwell Development and it is this that seems to have upset Mayor Stapleton and the council.

An intriguing situation is further posed by the fact that a 25 acre light industrial park has been approved by the MD of Sturgeon on Morinville's north-west boundaries, yet it has been turned down by the Edmonton Regional Planning Commission and Morinville Council!

What, with the Champlain Heights subdivision in full swing just down from the Highway Two bypass, it seems that someone somewhere is going to have to call a slow-down on development in Morinville, whatever the ultimate revenue benefits that might escape the town as a result.

As Mr. Enright continued: "We are sitting here with a situation to the west of us, which is not healthy for the community...do we annex within a two mile radius?"

Evidently there is going to have to be a meeting of minds over the Morinville growth situation; to this end, the council is trying to set up a meeting with the MD of Sturgeon, possibly for June 20.

## cadets

Continued From Page 39

C. Hutchings, Sgt. D. Russell, Sgt. T. McHardy, Cpl. A. Saunders, Cpl. D. Milligan, Cpl. S. Porsild and Cpl. D. McHardy. These cadets plus Sgt. N. Porsild were also awarded certificates for completion of the parachute packing course under the direction of Sgt. M. Ingle. Special certificates were given to Mrs. Dorothy Russell and OC Mrs. Joyce Porsild, our administration officer, who "defied fear by jumping from the mock tower!"

Captain K. Farrar gave out the badges and Jack Yuill presented certificates for courses completed last summer to WO2 F. Hutchings - Senior Leaders, Flt. Sgt. C. Hutchings - Ground Search and Survival, Sgt. N. Porsild - Athletic Leadership, and Sgt. D. Russell - Band (2nd phase).

OC Mike Noga was presented with a Cadet Certificate of Service by Major Grondin, for the completion of five years of cadet training.

Chief Reviewing Officer, Major Paul Grondin then spoke, stating that the aim of cadets is not to form soldiers, but to train out young people

to be good citizens, to instill discipline and a sense of adventure. He complimented the squadron on their excellent marching and the amazing shine on their boots! "With good people backing you, now keep up the hard work," he urged the squadron, with the hope that next year we might have a third flight.

Mr. Ernie Smith of the Provincial League, the next speaker, attended a final inspection here two years ago, and tonight, he told cadets, he finds the squadron much improved. As co-ordinator of the Hawaiian Draw, he complimented the squadron for being sixth highest in the province in ticket sales per cadet.

Mr. Jack Yuill of the Provincial League brought regrets from Colby McDonald, our league representative, who was unable to attend, due to illness. He mentioned that members of the Provincial League who were in attendance could have their own committee meeting, as he introduced Mr. Art Skinner, co-ordinator for Camp Wright, Ernie Smith, Hawaiian Draw, and Mr. Stan Harries, immediate past president of the Provincial League. Mr. Yuill complimented the squadron

Aaaaa .... tennnnnnn ... tion!

Major Grondin, accompanied by WO2 F. Hutchings stops to speak to Cpl. D. Milligan. Captain McHardy can be seen in the background.

on their smart appearance and stated that this was the first squadron he's seen who were all clad in the new green uniform.

Captain Ken Farrar congratulated the squadron on the improvement evident over the past year, and urged them to keep up the good work and improvement for next year as well.

### SCHOLARSHIPS ANNOUNCED

Lt. E. Mortimer, emcee, then announced the names of several cadets who had won scholarships this year. They included Flt. Sgt. Carolyne Hutchings, exchange scholarship to the United States; Sgt. Trent McHardy, senior leaders scholarship; Sgt. M. Graca, technical training scholarship; Cpl. J. McColeman, gliding scholarship.

Two promotions were also announced, Kevin Noga and Alan Saunders from the rank of Acting Corporal to Corporal.

Mrs. Evelyn Hutchings, chairman of the sponsoring body, was then introduced. She congratulated the squadron on their good appearance and thanked the band for coming and adding so much to the occasion. She asked if they might play "Happy Birthday" as a large cake, complete with candles, was brought in by Mrs. D. Noga, to the complete surprise of Ed Mortimer, who with cadets LAC Darlene Lange, LAC Darren Sanford, and Cpl. K. Noga, all celebrated birthdays in May. These four were called up to blow out the candles and when this rather unorthodox proceeding was completed, inspection was over, and the squadron was dismissed with proper ceremony. Following this, the audience gathered outside where two rockets were launched by Sgt. Trent McHardy and Cpl. Jim McColeman.

Guests and cadets then re-assembled inside for the unveiling of the squadron emblem by Major Grondin.

Capt. Geiger and Capt. Farrar. The emblem is a composite of cadet suggestions, designed by Lt. E. Mortimer and painted by Brian McCrindle. The centre oval shows an osprey (or fish eagle) flying with a Sturgeon in its claws, a most appropriate emblem for the Sturgeon Air Cadets. The oval is framed by maple leaves and the motto "Without fear and without reproach" appears underneath. This motto was submitted by Sgt. D. Russell.

After the ceremonies were over, guests were invited to partake of refreshments and to view the displays set up in the hallways. In one area slides were shown of the various squadron activities and classes throughout the past year. Other displays included coin collections, rockets, models, aircraft pictures, first-aid, scuba

equipment, shoulder flashes, parachute and pack.

Among the special guests were Mayor R. Austen of Gibbons, Mr. H. Klufus, principal at Redwater, Mr. G. Schick, principal at Gibbons, Sgt. M. Ingle of the Airborne, and Mr. and Mrs. Bob Russell of the Lucky Dollar, Gibbons who have given so generously to all the functions of the squadron.

Our thanks go to all who helped make this day one to be long remembered by our cadets.

On Saturday, June 3, WO2 Fred Hutchings will attend a banquet at Griesbach, at which time he will receive an award for being the top Alberta cadet in the Senior Leaders Course 1977. Fred spent six weeks at Cold Lake last summer for this course and we congratulate him for his excellent showing.

### BILLBOARD

SUNDAY, JUNE 4 - St. Peter's Villeneuve Annual Church Picnic. Ballgames start at 12:30. Bingo, concessions, races. Hot turkey supper and trimmings at 5 to 7 p.m.

## Get Shell's new MATAVEN\* at UGG, and virtually eliminate wild oats in your Wheat.

New, flexible Mataven devastates wild oats. If sprayed accurately anywhere from the 3-leaf to shot blade stage, it should kill 90% of all wild oats outright. Mataven leaves the rest shrivelled, unable to compete with your crop—unable to produce seed that will plague you next year.

Mataven has all of the advantages of its popular older brother, Endaven\*.

### ENDAVEN\* has special advantages

- \* Use Endaven on rape when the wild oats are anywhere from the 4-leaf to 6-leaf stage.
- \* Endaven can be mixed with Carbyne if you want to spray wheat between the 2-leaf and 3-leaf stage.
- \* Many farmers have been getting excellent results with Endaven killing wild oats in wheat and rape for years. It's a proven friend.

It is effective when the wild oats are most active, so you use it only "when you see the whites of their eyes." Then you know whether you really have a wild oat problem and you don't spend money on "maybe" conditions. Also, you don't spend money incorporating Mataven—just spray it on.

You don't have to be too fussy about which day to spray Mataven: you usually have most of the month of June as the wild oats develop all the way from their 3-leaf to shot blade stages.

Mataven flexibility includes freedom from weather worries. Even if rain or shine comes, Mataven works.

Mataven has been tested 5 years on every kind of wheat (including spring, durum and winter wheats), and it works on all, except Selkirk. The average yield increase has been over 40%! If you want 40% more wheat, with an easily-applied chemical destroying wild oats, get Mataven at UGG. Every pail treats 10 acres.

At UGG, supplies of Mataven are good, and the price is always fair.

\*Reg'd Trademark Shell Canada Limited

UGG sells Mataven  
It has to be good!

## Sturgeon Recreation News

### CARDIFF PARK PUBLIC HEARING

On June 21, 1978 at 7:30 p.m. a public hearing will be held at the new Sturgeon Composite High School in Namao, to outline a proposed development plan for the Cardiff Reclamation Site, (where the MD Sanitary Landfill is located).

All Municipal District of Sturgeon Ratepayers are extended an invitation to attend this hearing and offer any input you may have with respect to the development

The following represent some of the items the Project could accommodate: an 18 hole golf course, canoeing and sailing, camping, picnicking, sports and athletic fields, tennis courts, day camp areas, swimming, fishing, and an equestrian area; to mention a few.

### BABYSITTER'S GRADUATE

Graduates of the Babysitter's Safety Course, held in Morinville are Clare Boudreault, Kathy Boudreault, Jack Christie, Darcy Edwards, Beverly Hamilton, Yvonne Houle, Roland Houle, Dean Kooi, Russell Kooi, Joanne Little, Audrey McGuire, Joey McGuire, Karen McKee, Nicole St. Germain, Darren Locher, Rhonda Mandau, Lynn McKee, Janice Ostryk, David Phillips, Laurie Phillips, Karen Ramer, Tamara Still, Suzanne Touchette, and Sonia Unrau. Throughout the seven week course, the participants covered a number of topics which included the Ethics of Babysitting, Child Care, Fire, First Aid and Safety. Congratulations to all the graduates, and a special thank you to the instructor Mrs. Janice Lamb.

### LAKELAND COLLEGE SUMMER '78

Lakeland College will be offering a series of programs during July. Some of the programs to be offered include Basic Horsemanship, Masonry, Canoe Building, Log Cabin Construction, Heritage Homemaking, Carpentry, Canoe Tripping, Landscape Drawing, Pottery, Photography, Pottery-Primitive Firing Techniques, Landscape Painting, Spinning and Weaving, Drama and Music-Band. For further information, write Summer '78, 4420 - 50 Avenue, Lloydminster, Alberta T9V 0W2.

### PROGRAMS FOR PEOPLE

The next issue of the Sturgeon Further Education Council's "Programs for People" Tabloid will be distributed through the mail in mid June. This publication contains a listing of the various programs offered by the different agencies located in the Sturgeon area.

### NEEDS ASSESSMENT SURVEY

The Sturgeon Further Education Council will be conducting a Needs Assessment Survey during the summer months. This survey will examine the educational needs of adults and will also look at community needs and concerns. The results of the survey will be used to assist agencies in the planning of adult programs. If you are contacted, please support your local Further Education Council by participating in the survey.

### YOUTH HORSEMANSHIP DAY CAMP

Grant MacEwan Community College will be sponsoring a series of programs designed to assist the Junior Horseman in enjoying and caring for his horse. This summer, three phases will be offered. For further information, contact Cheryl Kuhn at 462-5550.

### BLUE LAKE CENTRE SUMMER COURSES

The Blue Lake Centre will be offering a series of summer programs. Some of the courses that will be offered include Open Canoe.

## Several repeat winners at Namao Horse Show

The Namao Annual Horse Show offers an excellent opportunity for children and young people to get experience in what is fast becoming a favourite recreation-sport pursuit for increasing numbers of them. At the adult level the competition and enjoyment appeared even more keen, and this year's three-day event drew a great many St. Albert and MD Sturgeon residents to arena at Namao with their registered Appaloosas, Arabians, Quarter horses, purebreds, partbreds and non-papered horses. Others came from as far away as Calgary area, Red Deer and other centres.

Show Secretary Mary Capstick told the Gazette that the show has really taken off over the past three years, but she believes it has been going in Namao for at least 25 years. (Perhaps a reader may be able to confirm the date of the 1st Namao Horse Show/Gymkhana).

Kaimirs Sea Breeze won the Mare and Foal Open Class, owned and shown by Lois Horsnett. Starlite Leo owned by Double C Quarter Horses and shown by Cyril Desjarlais, placed second. First placed in Foal 1978 Open (except Appaloosa) went to Bini El Mahlaika, shown by Lois Horsnett. Tafarih, owned and shown by Gary Acheson was second.

## CGIT, explorers host banquet

By Norma Crozier  
Namao CGIT and Explorer groups held their mother and daughter banquet and Explorer graduation exercises on Monday, May 1 in the school gymnasium. Ladies of the Namao UCW hosted the banquet for the 40 girls and their mothers and leaders. CGIT leaders are Mrs. Betty Jorgenson, Mrs. Sandra Mullen and Miss Audrey Gibson; Explorer leaders, Mrs. Norma Paul and Mrs. Eva Berg.

Guest speaker for the evening was Mrs. Marian Weston, from the Alberta CGIT Association and this area's Resource Person. The Devotional was given by special guest Mrs. Helen Fowler. Also attending was a surprise guest Miss Eva McKittrick, a member of the original council of CGIT of Canada, which was formed about 1914. Mrs. Glennie Tweedle led the girls in a sing song accompanying them on here guitar. Mrs. Betty Lou Kindelman made the lovely corsages which the girls presented to their mothers. A special thanks go to all these guests, leaders and their helpers who are giving the girls this Christian training.

Twenty-one CGIT girls and their leaders, Mrs. Betty Jorgenson and Miss Audrey Gibson attended Camp Wohelo, (Worship, Health and Love) on the weekend of May 5-7. This CGIT camp on Pigeon Lake is owned and operated by the CGIT Council of Alberta. Two mothers also went along to do the cooking. With the sunny spring weather the girls enjoyed a wonderful weekend of fun and fellowship.

Namao United Church will hold a congregational picnic and outdoor service on Saturday, June 3 at 6 p.m. There will be no service at Namao on Sunday, June 4. Monday, June 5 has been

set for Cemetery Day at Namao Cemetery beginning at 9 a.m. Everyone interested is asked to bring mowers and gardening equ-

ipment to clean up and fix up the cemetery.

A bridal shower will be held in the Namao Com-

munity Hall honoring Susan Fay, on Tuesday, June 6 at 8 p.m. Susan will be married to Walter Kevak at Namao United Church on July 1.

## Sunnyside News

By Lois Bowman

The Sunnyside Ladies Club held a Pot Luck Supper in the hall on Saturday, May 20. This was a special supper to honor Annie and George Knight who recently left Sunnyside to make their home at Spruce View Manor in Gibbons.

The supper was delicious as usual and after supper the Knights were presented with a lovely card table and a gift of money. Laughlin Cameron presented the gifts on behalf of everyone present and wished the couple much happiness in their new home. After all the dishes were cleared away an evening of military whist followed and a really good time was had by all.

Get well wishes go out this week to Vi Gabbey who is a patient in the University Hospital. We all hope you'll be up and around again very soon Vi.

Two very nice young ladies from this area took part in the first graduation program from the new Sturgeon Composite High School. Heather Mitchell and Laurie Jeffery took part in the exercises and

also attended the supper and dance with their parents at the Edmonton Inn. The best of wishes girls and may all your future dreams and plans come true.

Just a reminder to all the gals the regular monthly meeting of the "Ladies Club" will be held on Wednesday, June 7 at the home of Margaret Mitchell at about 8 o'clock p.m.

## The drinkers of bygone years

By Margarette Atkinson

During the 1920's and 30's, only men were allowed into hotel "beer parlours." As they were called, at that time

There was no plumbing or running water at Gibbons then either. No electricity except for a small motorized "generator" called a "Delco light plant," out in a back shed.

Wooden sidewalks were the only type to be had at the time. A wooden sidewalk connected the "beer parlour" of the old frame Gibbons Hotel, on the east side, to the "out house," or backhouse, all neatly fenced with a great, high board fence, protecting it from the "main street" view.

On hot days you could hear the riding-boots, complete with spurs of our local drinkers, running back and forth behind this high fence, as you went to the store or something.

One day as I was passing, I heard one old guy yell -- "Where the hell is the paper?" To that call came this reply -- "Ain't there any pages left in that catalogue?" The answer -- "Nope, guess everything's been ordered from it!" And I damned well ain't going to use those slippery pages!" "Well," said Mrs. Frazer, "I'll fling you an old one. I already tore out all the colored pages!"

Out back of the community hall stood two sturdy "back houses," kept very sanitary with coal-oil down them, which kept them free of insects too.

But, menfolks with a bottle of liquor would crowd into the one place, (maybe about eight men) all crowded in for a "snort."

We thought their habit was bad. I was very young then and when I found their hidden bottle one night, I dumped out the contents and refilled it with cider vinegar and put it back.

Of course feeling pretty high already the main town "drunks," went out for another "snort." In the darkness, they apparently just "tipped-cr-up." Because suddenly we heard some great "gasps for breath," followed by cussing and choking, which was hair raising, to say the least.

No wonder they sobered up so quickly, and we noticed their quiet behavior as they danced. I wonder even today if their ladies thought perhaps they had been eating pickles?

Of course drinking and driving wasn't a problem those times. The horses knew the way home anyhow.

**GREEN FOXTAIL**  
Control that pest, — and many  
hard to kill weeds with

# Stampede®

Whether you call it green foxtail, wild millet, or pigeongrass, Stampede kills it on contact. Spray Stampede on wheat or barley when the majority of the green foxtail is in the 3-leaf stage. This will often be 10 to 17 days after crop emergence when the grain is in the 3- to 4-leaf stage. If a good flush of green foxtail emerges with the crop, chances are yields will suffer from 5 to 10 bushels per acre.

Stampede also controls wild buckwheat, lady's thumb, redroot pigweed, tartary buckwheat, lamb's quarters, shepherd's purse, stinkweed (rosette stage) and other broadleaf weeds.

All this for less than \$5 an acre. At UGG, supplies are good and prices are always fair.

UGG sells  
Stampede  
It has  
to be good!

\*Stampede is a registered trademark of Rohm and Haas Company

## Calahoo WI told of judging standards

By Liz McLeod

The 190th meeting of Calahoo Women's Institute was held on Tuesday, May 23 at 8:30 p.m. in the Gazebo at Calahoo. Mrs. J. Dalheim, Mrs. M. Kerr, and Mrs. F. Brown were the only absentees from a very pleasant meeting with Mrs. T. Laura Campbell as hostess.

Onway W.I. attended the meeting, represented by Mrs. Esther Kettle, Elizabeth Turnbull, Jean Payne, Elsie Hook, Agnes Evan-chuk, Eileen Perrault, Clara Johnson, Theresa Boog, and Elsie Williams as well as Mrs. Clara Loyer from Calahoo.

With many groups entering handicraft and not entirely satisfied with the judging, it was appropriate that our guest was Pat Doerksen, district home economist for the Department of Agriculture, Morinville office. Pat spoke to us and showed us standards used in the judging of handicrafts.

Demonstrating with nine items, Pat gave her comments on sewn, crocheted and knitted articles.

The standards fall into three categories, the first of which is Function. The function will strongly influence the design and craftsmanship of that article.

The second standard relates to the Design. The structural shape and texture of the article, in conjunction with any applied decoration, must relate to the function of that article.

The final consideration is Craftsmanship. This is concerned with the technical ability and skills exhibited, while using materials knowledgeably and realizing their potential.

### NO JUDGES VOLUNTEER!

Along with slides, Pat showed the methods used and problems encountered by judges. She then divided us into groups and we were given the opportunity to show our prowess in judging. Pat got a negative response when she offered to train anyone wishing to become a judge.

Pat explained the Danish System of Judging which is much preferred since several firsts, seconds and thirds may be awarded in each class.

If anyone wishes information, they may phone Pat Doerksen at 939-4391.

Mrs. G. Berry thanked this busy lady, and our President Mrs. F. Wheatley, presented her with a houseplant.

In a discussion of other business, it was decided to hold the annual Horticultural Show on Wednesday, August 16, in the Calahoo Church basement.

We also decided to put some money into the Wishing Well, made by Mrs. V. Albrecht, to be taken to the Prov. Convention in Olds

### Mary Goulden Antiques

Re-Opening June 1  
Horsehill Hall  
From 137 Ave. & 50 St.

Then 1 1/2 miles east  
Thursday thru Sunday  
1 - 8 p.m.  
973-3656 or 475-8139

May 29 to June 1.

A motion was made to donate \$50 to the cause of water wells for Kenya.

A happy lunch hour followed and Mr. Steve Evan-chuk and Mr. Jim Williams from Onoway joined John Thatcher, Tom Campbell, Carl Bergstreiser and Vic

Albrecht for visiting. Then all rose to sing happy birthday to Isabell Wheatley and Mary Dalheim. After all the candles were blown out, Laura Campbell cut the cake and passed it around for all to enjoy.

The roll call was an exchange of plants.

The next meeting of Calahoo W.I. will be held in the Gazebo on Tuesday, June 27 at 8:30 p.m. with the Roll Call of "Wear a Wild Rose," and for the topic, we'll hear the delegate's report of the Provincial Convention.

Visitors are always welcome.

## Calahoo Goldenagers meet

By Liz McLeod

When that second Wednesday of the month comes around, there is excitement for the Senior Citizens of Calahoo and district, as this is the day they meet for their regular meetings. The most recent one was held on May 10, with more than 30 attending.

Card games of bridge, cribbage and whist predominated, along with fr-

iendly visiting throughout the afternoon.

After cards and bingo were played, the lunch hour ensued and Werner Christen was honored for his birthday May 5.

Another meeting was held May 24, with just 22 neighbors and friends gathered, as many were still busy in their gardens. A pleasant day was had by everyone.

There were no birthdays to

honor this day, but a happy time was had by all.

The Calahoo Goldenage Club sends their best wishes for a speedy return to good health out to fellow member, Mr. Frank Gawron, who is presently in Edmonton's Misericordia Hospital, and this club were pleased to know that another fellow member, Mr. Pete McLeod is home from hospital and much improved in his health.

## Accident kills Calahoo man

A Calahoo man was killed in a single vehicle motor accident near that community this week.

A news release from the Stony Plain detachment of

the RCMP said: Alan Richard Majcau, 28, of Calahoo was killed in a single vehicle accident on Secondary Road 635 near Calahoo at 10:30

p.m. May 26.

Two passengers in the vehicle were removed to hospital for treatment of injuries.

## Horse Hill News

By Esther Wallbank

The May Community League meeting was held on Tuesday with only eight members present out of approximately 160 family memberships. It was a boys baseball evening and a very busy time of year and hopefully this explains the poor attendance.

We look forward to a family evening on Thursday, June 29 along the same lines as last year, featuring ball games and a weiner roast. Bring your own weiners and buns. Soft drinks and coffee will be provided. If the weather doesn't co-operate we will move indoors. Mark this date on your calendar.

The ukelele groups from Horse Hill led by Mrs. Beth Howson and accompanied by Mrs. Budd on bass, participated in the Second Annual Ukelele afternoon at Steele Heights School on Wednesday afternoon. Each group played their selections

and some time was spent in "jam sessions." Schools participating along with Horse Hill were Park Allen and Steele Heights in Edmonton, and Colchester and Mills Haven in the county of Strathcona. Even though it was a very cold day, the weiner roast which followed

at the Kozak farm was thoroughly enjoyed. Meagan Buchanan's birthday was on that day, and everyone there enjoyed a piece of her birthday cake. Special thanks are extended to Mrs. Howson for the time she spends and enthusiasm she generates in the children.

## Barbecue bonanza

By Liz McLeod

Attention Folks! On Friday, June 16, Calahoo will be the scene of the barbecue beef supper from 6 - 8 p.m., with dance to follow at 9 p.m. Those attending can get in on the thousand dollar draw, by purchasing their ticket from the Calahoo Sports Association members or at Calahoo's C & P Store.

Every 25th ticket wins \$25. The second last one drawn wins \$50 while the final ticket drawn, wins the \$1,000 prize. Tickets are \$25 per couple.

The barbecue is sponsored by the Calahoo Sports Association.

## PUBLIC NOTICE

### The Water Resources Act

### Groundwater Diversion

H. Ferland Enterprises Limited has obtained an Exploration Permit to make necessary examinations and surveys under The Water Resources Act to determine the feasibility of diverting a possible maximum of 6,500 Canadian gallons of water per day (9 acre-feet per annum) from a well(s) on the SW 17-54-26-W4 for municipal purposes.

Notice is hereby given that should the examinations and surveys prove successful application and plans will be filed under provisions of The Water Resources Act for a licence to construct the necessary works to divert water in the amount stipulated above.

Any person having a bonafide interest in the matter may file objections with the Controller of Water Resources, Department of The Environment, Oxbidge Place, Edmonton on or before the 23rd day of June, 1978.

### LEGAL HIGH SCHOOL REPORT

By Yvette Pelletier  
June 3 is a date to remember! Our school dance is coming up featuring Archer. Prices are \$3.50 a person and we would like to see everyone there. This is the last dance of the year so come one out and boogie to Archer.

On Wednesday, May 25 our zone track meet was held, and of this eight people

made it to the north centrals held in Morinville. These eight people are Clarence Saneman, Ron Kotchan, Kevin Montpetit, Melvin Cornelius, Joe Bilodeau, William Fenske, Maurice Keiser and Yvonne Pelletier. Two of these made it to the Provincials. Joe Bilodeau which placed second in Pole Vaulting with a jump of 2.90 m and Melvin Cornelius who placed first in the 100 m run with a time of 11.65 and the 200 m who placed second with a time of 24.15. We would like to wish Joe and Melvin good luck.

Our elections for our next year executive will be held on June 2.

## Recreation News

Basic Canoe Instructor, AR-CA River Instructor, Canadian Canoe School, White-water Canoeing, Kayaking, Sailing, Backpacking and Wilderness Camping, Mountain Backpacking, Wilderness Backpacking Leadership, Rock Climbing, Snow and Ice Climbing, Nature Crafts, Minimum Impact Camping, Wilderness Survival Skills, Nature Interpretation, Nature Photography, Orienteering, Archery and Flyfishing. For further information, please phone 427-6565.

### GIBBONS NURSERY SCHOOL

On Wednesday, June 21, a pre-registration will be held for the Gibbons Nursery School at 7:30 p.m. in the Arts and Crafts Room at the school. Children must be three years of age or older as of September 1, 1978. Mothers must be present to pre-register their child. For further information, please phone Mrs. Lorna Gorgichuk at 923-2422.

### MINOR SPORTS

Baseball, softball and soccer are all in full swing in the Sturgeon area.

Baseball and softball, the traditional sports, have been operating since the first week in May. Soccer, the up and coming sport started May 17.

Soccer is a two season sport, running from May to the end of June, stops in July and August, then continues in September, at which time there will be league playoffs and provincials.

Softball (girls), runs from May to the end of June. This league has no league standings. At the end of the season there is a tournament with all teams participating. This typifies what minor sports is about. Participation for all.

Baseball has a new dimension this season - Hit - Throw - And Run Contest. This contest has been developed to increase 1) The basic skills of the minor league ball player and 2) the interest of the game of baseball. This competition will test the ball players skills in hitting for power, throwing for distance and running for speed.

Long time Cardiff residents Bill and Carrie Rockwell, are seen here on the occasion of their 40th Wedding Anniversary. Carrie and Bill celebrated the event while on a holiday in British Columbia.

## Cardiff Column

By Florence Vranas

Bill and Carrie Rockwell have returned from a holiday to Radium and Golden, B.C. Accompanying them were Bill and Hazel McGregor. While on this holiday Bill and Carrie celebrated their 40th anniversary on May 11. A few days later George and Myrtle Cartwright of Golden held a surprise supper for the occasion with 16 family members present. Myrtle is a cousin of Bill's. Bill and Carrie wish to thank the Cartwrights for preparing this delightful surprise as well as everyone for the cards and gifts. Happy 40th from your friends at Cardiff!

Recent visitors of the Rockwells were Mr. and Mrs. Bernie Seniak as well as Bernie's mother, Mrs. George Seniak. The senior Mrs. Seniak spent some time visiting Mrs. Watamaniuk, a former neighbor when the Seniahs lived in Cardiff. The late George Seniak was employed at the Penn Mine at Carbondale and walked to work every day via the railway tracks.

The long May weekend saw the old Nick Zworech home torn down. It was located in the yard of Bill and Carrie Rockwell. Carrie was born there and she and Bill lived in it for some time after they were married. Mel and Dorleen (Rockwell) Branden of Fox Creek helped demolish the little house as they were spending their weekend here.

Sincere sympathy is extended to Shirley Kegler at the recent passing of her mother Mrs. Nancy Buchanan of Victoria, B.C.

Rosie Weiss is the proud grandmother of her first grand-daughter born to Zane and Shirley Borys May 9, 6 lbs. 3 ozs., Vicky Jean - a sister for Neil.

The first graduation exercises for the new Sturgeon Composite High School at Namao took place Friday, May 26, 1978. Two young men to graduate with this class were Randy Clark, son of Bob and Janet Clark of Cardiff, and Darryll Vion, son of Edward and Cecile Vion from this district. Congratulations boys!

A hearty welcome to our new neighbors Dan and Penny Rigney who have taken up residence in the home vacated by Martha Libbey.

Martha is now living in St. Albert close to the hospital where she is employed.

The April meeting for the Cardiff Community Club was held at the home of Ethel Ward at which time it was tentatively decided to hold a family barbecue for club members on August 27. Ethel and Gerry Ward will again open their home and yard for this occasion if they are not holidaying at the time. If this should be the case then the barbecue can be held at our home. More details to follow.

# Morinville Memos

**By Margaret Yacyshen**  
Registrations are still being accepted for the Pedal Pushers program, which started last week. Anyone interested is asked to come to

the arena tonight at 6:30 p.m.

The Kinsmen Club is sponsoring its second annual bike-a-thon which will be

held this Saturday. The event starts at 8 a.m. at the Rec. Centre and sponsor cards are available from the schools, Morinville Hardware or any Kinsmen members. A prize will be awarded to the boy and girl turning in the most money. As an added incentive, any organization, club or group having five or more riders participate will receive 30% of their gross pledges turned in.

The Morinville United Church Junior Choir will be holding an evening of singing on Sunday, June 4 at 7:30 p.m. in the United Church Chapel (Historical and Cultural Centre). This will be an informal evening - everyone is welcome to attend.

The next Community Breakfast at the Recreation Centre will not be held until June 18. All the fathers in the community can receive a complimentary Father's Day Breakfast, which will be served by the mothers.

The Ag. Society reports that there will be no \$200-a-month club for 1978-79 because of lack of ticket sales. All money that has been paid to date will be refunded.

Pledge money is still outstanding from the skate-a-thon held in February. The Ag. Society requests that this money be submitted to Morinville Electronics.

There will be a home baking display at the Curling Rink during Frontier Daze. Categories for entries will be published in the Gazette on June 14.

## EGG CATCHING CONTEST

Frontier Daze will again feature an Egg Catching Contest, sponsored by OK Radio Westlock. All ages are

welcome to participate with the event taking place on Saturday, June 24 immediately following the Chuckwagon Races.

There will be prizes for the winners.

Details for advance registration will be announced at a later date.

## NOMINATIONS FOR CITIZEN OF THE YEAR

The Morinville Lions Club is asking for nominations for Citizen of the Year. Each nomination must be handwritten and signed, with reasons being stated why a particular person should be chosen. The reasons should be based on activities during the previous year.

Deadline for nominations is June 18. These are to be submitted to the Morinville Lions Club, Box 737, Morinville, Alberta, attention: Harvey Atkinson.

The Legion and the Lions Club are jointly sponsoring the construction of a Sanitary Dumping Station for trailers. The station should be completed and available for use this summer. The site is to be north of the curling rink.

## BASEBALL RESULTS

Morinville Manufacturers split two league games this past week with one win and one loss. They were defeated 7-4 by Bon Accord last Wednesday and won 13-1 against Waskatenau on Sunday afternoon.

Dennis Fitzgerald was the winning pitcher for the Manufacturers and Jay Hubble and Norm Kootenay each scored a home run in the victory against Waskatenau.

The next home games for the Manufacturers will be played tonight against Rochester and next Wednesday evening against the Westlock Red Lions.

## Construction Foreman

Required by the Municipal District of Sturgeon #90 a Construction Foreman. Must be experienced in all aspects of road building and the ability to supervise men. Send application stating experience and salary expected before June 12, 1978 to:

## R. Harlan Smith at Frontier Daze!

**By Margaret Yacyshen**  
Morinville Frontier Daze will feature Royalty Recording Artist R. Harlan Smith at its grande finale on Sunday, June 25. R. Harlan Smith is a singer in the country/pop style. He is well known for his work in the country music industry, particularly in the area of recording. Harlan offers an evening of entertainment the whole family can enjoy.

The program, which also includes judging of the beard-growing contest and

draws for the gate prize and raffles, starts at 7:30 p.m. with no admission charge. The MC for the occasion will be Bob Arnold. The Society of Barbershoppers' will not perform as was previously announced.

The entire Frontier Daze weekend, June 24 and 25, promises plenty of additional entertainment. One highlight is the Chuckwagon Races, hosted by the Northern Chuckwagon Association, which will run both afternoons.

Erwin's Alpine Band and Gretel will be providing Bavarian music in the Arena Beer Gardens on Saturday afternoon. In the evening there will be dancing to the Fifth Avenue All Stars in the Rec. Centre for the teens or to the Good Vibrations in the Arena for the adults. Admission to either dance is \$3.50.

On Sunday afternoon local entertainment will be featured in the arena from 2 - 5 p.m. More talent is still needed for the program and anyone interested in performing is asked to call Annette Arnold at 939-3067.

R. HARLAN SMITH

## Hire-a-student office now open!

The Morinville Hire-A-Student office is once again open for business. As in previous years, the office has many eager students ready and willing to work within the community, but the office also needs homeowners, businessmen and farmers willing to hire these students.

There are two objectives which the Hire-A-Student program wishes to achieve. The first is to get students involved and interested in community affairs and businesses. The second is to create a positive feeling between the students of Morinville and its business employers.

This year's Hire-A-Student office manager is Monique Boissonnault. Her office hours are from 4 p.m. to 6 p.m. Monday to Friday. Starting July 4, the office will be open on a regular basis. The office hours will be from 8:30 a.m. to 12 a.m. and from 1 p.m. to 4:30 p.m. Monday to Friday.

The office is located in the Historical and Cultural Building (convent). Anyone wishing to drop by the office is asked to use the rear entrance. The phone number is 939-2955. Please feel free to call, and...

Have a YOUNG Summer... HIRE-A-STUDENT!!

## Gibbons News

By Karen Hogg

It was a very busy week for church vandals this week in the Town of Gibbons. Windows were broken at the Gibbons Sunday School and the Anglican Church found cigarette butts on the floors plus other neat little deeds done in the building. I think it is a real shame that houses of worship have to be treated with such a lack of respect. These buildings are financially maintained by the Anglican Church Women and the Gibbons Sunday School Circle who are all volunteers. The funds are raised by money making projects to keep the running and maintenance of these building so that adults and children have a chance to pray, learn and grow together. I hope that if anyone, children or adults who notice anything suspicious or see an act of vandalism in progress telephone either the RCMP, a member of the church or a town councillor so that he or she can act accordingly. When a town is growing at the pace such as this, it is a sad sight to see an old building or a new public facility being defaced.

The Parent Committee for the First Gibbons Cubs would like to announce the winners of their recent raffle. First prize, a 10 speed bike was won by D. A. Pattison; second prize was a skate board won by Alice Kortlunsky of Edmonton. The Parent Committee would like to thank everyone for supporting their club. A special thank you is extended to Mr. Pattison for donating the 10 speed back to the cubs.

Students in the Gibbons Junior High Drama Class will present their production of Oliver on Thursday, June 1. The performance will commence at 7:30 p.m. in the west gymnasium of the school. Parents and friends are also reminded of the performance by the grades 1-6 choral music groups, featuring the primary chorus and the elementary Glee Club, on Thursday, June 8. The performance will begin at 7:30 p.m. in the west gymnasium of the school.

Sincere sympathy from the community is extended to the Mrs. Stella Lamoureux and

family on the passing of Rudolph, who passed away last week.

The Brownies and Girl Guides will not be holding another paper drive till sometime in the fall. However, we will be taking another load of papers into the city within the next few weeks. A paper bin is located behind the old Village office and is open all the time. We would appreciate receiving any papers you may have.

We would also like to thank all the people who had all their papers bundled when the girls called at your door. This made our job much easier.

## Last Round-up News

[Gibbons Senior Citizens]

By Jean Toane

With the senior UCW group of ladies as our hospitable hostesses more than 50 seniors from Gibbons and Coronado let the rain fall where it pleased while we enjoyed slides and interesting movies at Coronado on Thursday, May 25, 1978. The pictures and commentary were shown by Mrs. Bay who spent a considerable number of years living in Africa.

A short business meeting followed. Roll call showed 44 members were present from Gibbons. The minutes were read and correspondence relating to continuing education of seniors. Gordon Spence reported on the installation of a P.A. system with multiple speakers, which will be installed in the Dew Drop Inn for our approval. Reg Austin has finalized negotiations for the projector. A pleasant announcement informed us that the Gibbons Recreation Board have paid for our dishes. The Dew Drop Inn will be in use Monday morning when the public has the opportunity to meet with

the MLA's who are having breakfast in Spruce View Manor that morning.

Members were reminded that the bus will pick up passengers for the Pembina trip on June 2, at 7:30 a.m. at the Legion Hut.

Cathy Shaw asked us to make up our minds about the Lakes' trip which will go on July 4, price \$15; the deadline for this, our next meeting. She also reported a very nice day at Bon Accord's opening of the Jewel Box. A request for "Grandmas" for kindergarten pupils was extended. The meeting was adjourned by Agnes Logan.

Delicious refreshments were enjoyed, with a delightful birthday cake presented to us by Eleanor Drinkill of Gibbons Sunday School Circle. Birthday greetings were sung to Ethel Neilson, Jean Toane, Emily Oliver, George Petherbridge, Cecile Strawson and Yvonne Pedersen. Eula Mabbutt topped off an enjoyable afternoon with a humorous reading about an Auction sale - not an Ordinary one!!

## Bon Accord News

By Sadie Allen

Sturgeon Valley Fish and Game have a busy time planned for the month of June. On June 10 and 11 a Fish Derby will be held at Fawcett Lake Resort. Follow the signs leading from Smith to the resort. Boats with and without motors are available for rent. Cabins are available also but number is limited, so contact Frank Brown, 829-2301 for reservations if desired. A fully outfitted campground is at your disposal so everyone is invited to come out and enjoy good company and good fishing. The meeting for June will be held on June 15, not June 8, the regular date for the Fish and Game meetings. The meeting on June 15 will be held at the Bon Accord school at 8 p.m. and will be the last social evening until September. The guest speaker will be Russ Thornberry, well known local sportsman, who will be speaking on Fishing Spots in Alberta. He will also be showing slides on fishing and hunting. The Alberta Zone 5 Fish Derby is slated for Franchere Bay on Moose Lake on June 17 and 18.

Another Shot Gun Shoot will be held on Wednesday, June 21 at 7 p.m. As usual, the shoot will be held 3 1/2 miles north of the Bon Accord school at Jim Owen's farm. Please remember to park in the yard and not drive into the field as it will be seeded. You are required to bring your own gun and shells. A fee of \$2.50 will be charged for a round of 25

clays to cover replacement. Thank you and see you there!

Geoff Milligan, chairman of the Local Advisory Committee to next year's Early Childhood Services kindergarten program advises that a meeting will be held at the school library at 8 p.m. on June 6. This will be the first meeting of the new parents as a group and will afford an opportunity to find out what the E.S.C. is all about. Following a short business meeting, there will be a speaker and lots of time for open discussion about next year's program. Both parents are urged to attend this meeting.

Bon Accord Imperials, senior ladies softball team, continue their winning ways with a win over Horse Hill ladies on May 23. The ladies will be playing tournament ball at Westlock on June 3 and 4.

After two disastrous games the Tigers have come up with two wins, defeating Morinville in a game played on May 24 and chalking up a win over Alexander on May 28. On May 31 the Tigers play Vimy and on June 7 will be at Barrhead.

Ladies Community Club will meet at the home of Thalia Critchley on June 14 at 8 p.m. Everyone is cordially invited to attend.

### ENGLISH PUB NIGHT

The Ambulance Emergency Service are sponsoring an "English Pub Night" on June 10. The supper will feature Roast Beef and Yorkshire Pudding and pub snacks will be available from the concession throughout the evening. A very entertaining program has been set up for the evening and will feature Highland dances and pipers, and Irish dances. Besides providing a super evening for your entertainment, this function also provides you with the opportunity to support your ambulance service and have fun while you're at it. Tickets are available from Village Superette, Bon Accord Meats, Mohawk Service, the Village Office and Pauline Mansfield.

Bingo resumed on May 28 after a short recess for the long weekend -- shortage of workers was responsible and to any who came to play, our deepest apologies. The jackpot is now \$325 in 55 numbers. The consolation was shared by Thalia Critchley and Jean Archer. The first bonanza was won by Trudie Owens and Annette Tupper and the second bonanza was won by Judy Vezina. Bingo again this Sunday at 7:30 p.m.

Tickets for the June-July provincial are now available from Pauline Mansfield, Liz Grant, Jean Sloan, Nell Schneider, Joan Hill and myself in Bon Accord and Alvin Tupper in Gibbons. Tickets must be purchased before the last Wednesday before draw date -- sorry to disappoint those who came late for the last draw. On the June-July ticket there will

Doug Laws working on the new backstop at Bon Accord Rec. grounds. The work is progressing well, but lots of volunteers are needed to get the grounds in shape. Call Doug, 921-3875 if you can help.

be a big bonus draw for July. Make sure you have your ticket early. Winsday tickets are also available.

formation.

The circus is coming to town! Place -- Bon Accord Rec. Grounds. Date -- Friday, August 18. Two performances only. Advance ticket sales at \$2 per person. Watch for posters and in-

1st Bon Accord Brownies and Guides are in dire need of new leaders to start in September. If you would be interested in working along with the girls in either Brownies or Guides, we would love to hear from you. Phone Maureen 921-3762 or Phyllis 921-3640.

# Cabinet tour takes raps from Gibbons, Bon Accord

May 29 was a big day for Gibbons and Bon Accord when local mayors and residents got together with a provincial cabinet tour on the dot at 7:30 in the morning.

Beefs and bouquets were obvious pleasure that the provincial cabinet were visiting, but there were complaints from local dignitaries about fast growth compounded by the problems of individual communities.

The tour met in the new Gibbons Seniors Lodge when Ernie Jamison MLA emceed the meeting after everyone had enjoyed a bacon and egg breakfast in the drop-in centre.

The provincial government delegation consisted of Hon. Neil Crawford, Hon. Julian Koziak, Hon. Gordon Minicly, Hon. Alan Warrack and MLA Jamison.

In the Bon Accord section of the proceedings a presentation was given by mayor of that community Ken Fearnley. Mayor Reg Austin of Gibbons, Deputy Mayor Don Purdy and Councillor Jock Archer gave presentations to the cabinet ministers on problems facing Gibbons.

Also as part of the day's events Norton Loblick, president of Loblick Industries spoke to the Government delegation of the problems of secondary industry in Alberta.

Mayor Austin, responded to later by Hon. Warrack, brought the cabinet's attention to the problems which Gibbons was facing.

He asked for government assistance in a paving program, as the Gibbons central core has no paved streets.

"This situation is causing us some concern with dust and other problems associated with gravelled streets."

Mayor Austin pointed out that very little money was available to spend on a paving program, though the town through a levy on assessment and frontage tax had carried out a program of road upgrading with minor street work "making us now ready for hard surfacing."

Mayor Austin said: "We would like consideration for assistance under a growth area assistance program. It is our intention to apply for assistance from the fund announced in the budget speech for road improvement this year, the amount of four million dollars for projects for all of Alberta does not appear to be adequate."

Mayor Austin also pointed out that part of the reason for the town's growth was the fact it had Edmonton water and the mayor thanked the government for making this benefit available through a debenture shielding program.

Deputy Mayor Don Purdy, responded to by Hon. Julian Koziak, said that education was an important facet of life and in the case of Gibbons, more than 50 percent of the tax dollar was being spent on education.

He felt that because Alberta was considered to be a rich province due to the receipt of oil royalties, it seemed that more money could be made available for education programming.

He said with the ever increasing amount being spent on education, there was very little money left to provide the necessary requirements and demands of the ratepayers of the community for other improvements.

He said: "With less than 50 percent of the tax dollar left to work with it is almost impossible to provide and fill those demands."

Councillor Jock Archer, responded to by MLA Jamison said he believed that the government should re-look at a recreation funding program and increase the amounts of recreational grants.

Referring to the establishment of the multi-cultural and recreation program, he said it had helped communities like Gibbons to incorporate some of the required facilities.

"However, the \$10 per capita over the 10 year period has proved to be an insufficient amount of funding," he stated.

"At the time of the announcement of the program there appeared to be more than sufficient funding, however with the high inflation factors, this funding appears very minimal," he added.

Councillor Archer explained how over a period of three years Gibbons had used up their total amount of funding allotted for a 10 year period.

He told how Gibbons had been placed in a position where recreation has probably become a priority and the town had seen fit to financially match the grant dollars as shown.

Arena-debt retirement (1976) \$141,000. Joint use-construction (1976) \$23,000.

Senior Citizens drop-in centre (1977) \$40,000 and curling rink to be constructed this year \$129,000.

Councillor Archer also pointed out in the 10 year Sturgeon Regional Recreation Master Plan, total projects for the town of Gibbons was a cost figure of \$667,000. He said to date the grant approvals were in the amount of \$333,000 and matched by the town.

In accordance with the plan the town was to receive \$333,500 by the end of 1982.

Earlier, in a further statement, Mayor Austin had also expressed his displeasure at the 10 percent tax being taken off gas. He said the \$95 million saving would be better off to go to the municipalities to upgrade water and sewer facilities.

Mayor Ken Fearnley spoke and commented that Bon Accord was concerned about fast growth and that he and his council were trying to control growth through their development control bylaw.

Mayor Fearnley told the

delegation that Bon Accord presently had no problems but would be requiring financial assistance in the not too distant future on their water and sewer

MLA Jamison was told by Mayor Fearnley that at a recent meeting in Bon Accord a discussion was held on the possibility of having the provincial government build 8 - 10 self-contained senior citizen units. Further meetings are expected to be held on the subject shortly.

Mayor Fearnley expressed personal concern to the group stating that he thought we would all be better off with less government and better government.

**FOOTNOTE:** First resident of the seniors lodge in Gibbons 73 year old Jean Fowler was introduced by Ernie Jamison and Mrs. Fowler told the government delegation how well the seniors were enjoying their new lodge and were pleased to have the group at breakfast.

Mayor of Bon Accord Ken Fearnley (right) with MLA Ernie Jamison looking on (centre) accepts a commemorative plaque of the cabinet tour from Hon. Alan Warrack in the Gibbons Seniors Lodge.

## Letter to the Editor

### Burning garbage a bad move

It makes me wonder what makes Gibbons residents, who receive "the best" of garbage pickup, decide instead to burn their garbage.

What possible excuse is there to be-foul our homes and lungs with smoke, causing general discomfort to people who open their windows for fresh air - not for the stench of your selfish habits. Why?

If you dig your garden refuse into a compost who needs fertilizer - or a fire for refuse? Corn stalks or thick fibrous things may be bundled, tied and picked up. Weeds? Put them into a cardboard box, close the top. It too will be removed.

Empty cardboard boxes? Flatten them and send them with paper pick-ups for recycling.

Some stupid, unfeeling residents were openly burning garden refuse, and one guy had a barrel of smoldering grass filling our new Senior Citizens rooms at

Spruce Manor with his dirty stench.

These people have a right to breathe fresh clean air. Several of them have health problems pertaining to their respiratory systems. I've had two "emergencies" due to serious allergies which could affect my valvular heart condition, which otherwise does not trouble me.

I intend to have my right to open my windows on hot days! Our senior citizens are going to have their rights to a walk in the clean fresh air. Or somebody is going to either get a "burning barrel" full of rocks and gravel - or he had better stand there and inhale deeply and see how "nice" the stench is.

Bundle your papers, fill your garbage bags or boxes. But, for the love of health quit that stupid unnecessary burning.

Grow up! Your town has.

Marg. Atkinson,  
Gibbons, Alta.

## "Auction Reminder" FARM SALE for Lavallee Bros. of Morinville

FRIDAY, JUNE 23 - 1:30 p.m.

Premier Lougheed was welcomed by some 200 people in the Redwater Multi-plex on the occasion of the North-east Cabinet Tour. The meeting was brief and to the point, lasting only one hour.

## Redwater Social Notes

By Marguerite Neufeld

Two hundred people attended the Policeman's Ball in Redwater at the Deric Hall Friday night, May 27. Many came from the Thorhild, Radway and Redwater area, but other visitors were in attendance from more distant places, one couple from as far away as Australia.

Former members of the Redwater detachment who attended included S. Sgt. and Mrs. Marv Bader who are in Calgary now; Cpl. and Mrs. Damon Kondro, from Fort Saskatchewan; ex-Sgt. and Mrs. Bill Manderville, Redwater; Cst. and Mrs. Art Pike, Edmonton; Cst. and Mrs. Ivan Borkavie, Fort Sask.; Cst. and Mrs. Al Hurkett, Okotoks; Cst. Kathy Brown, St. Albert; Cst. Jim Stoddart, Swan Hills as well as Inspector J. Sebastian, officer commanding St. Albert subdivision. It was a successful and enjoyable evening.

Monies realized after expenses will be donated to the kindergarten and pre-schoolers at the Library.

There are nine members stationed at the Redwater detachment, commanded by S/Sgt. Al Bunn.

### CATECHISM PICNIC

On Wednesday, May 24 after school, around one hundred people descended on Egremont Campsite for the annual year-end Catechism picnic. Mostly young

people with about a dozen mothers, enjoyed hot dogs and watermelon. Though the rain held off, a cold north-west wind caused the shivering adults to cluster around the campfire, but the kids weren't cold. They were too busy picking wild flowers and being in, over, under and everywhere all at once. Except for one or two minor mishaps, the kids thoroughly enjoyed themselves and another year of catechism came triumphantly to an end.

### RESTAURANT OPENING

Redwater and district extends a welcome to the Mandarin Restaurant, which opened Tuesday morning, May 30, under new management, after several weeks of renovation and redecoration. Tables replace the coffee counter. The decor is a warm and cheerful orange with chinese motifs. The service is courteous, the food delicious. Hours of service are Monday to Friday, 6 a.m. to 10 p.m. On Saturday the restaurant is open from 10 a.m. to 10 p.m. and Sunday 11 a.m. to 9 p.m. Both Chinese and Canadian Cuisine is featured.

The annual walk-a-thon sponsored by the Lions Club of Redwater will start at 8 a.m. Saturday, June 3 at the school. The route will go past the gas plant to the river and return, a short distance of 20

miles.

Pledge sheets for the children can be picked up at the school. Adults can obtain them from either bank.

Walkers will not collect their pledges. The Lions will do so. Funds raised will go toward the Lions various community projects and charities.

## Redwater Golf Course starts new season

By Marguerite Neufeld

One good thing about all this rain, besides all the good it does the farmers, is the beautiful greens and fairways it creates. The Redwater Golf Course appears to be in good shape this year and a number of "hackers" have already been making the rounds.

The executive for this year are: President - Art Aitken, Vice - Hartley Hamilton, Secretary - Myron Bury and Treasurer - Mrs. Nettie Wosnack. Rudy Roloff was re-elected as Greens Committee Chairman. Chairman of the Men's Tournament Committee is Al Davey and for the ladies Myrt Roloff was re-elected. Heading the House Maintenance and Repair Committee again this year is Walter Ingram and John Hawrelko was re-elected to chair the House Committee.

Green fees are remaining the same as last year, that is a charge of \$3 on weekdays and \$4 on weekends and holidays. Membership fees are broken down into five categories, and are still available. The dues are: Family - \$75., Men - \$60., Ladies - \$35., Post-secondary students - \$30. and High School students - \$25.00. These memberships allow unlimited golfing throughout the year and other privileges extended through the club.

FORE!

## Premier well received in Redwater

Continued From Page 39

reactive assets -- the swimming pool, the Multi-plex, the golf course and the hospital. Mr. Topolnisky then introduced the special guest, Premier Peter Lougheed.

Mr. Lougheed thanked the people who had made his visit so enjoyable and remarked that it was "a good opportunity to get out from under the dome." He praised the progressive community of Redwater and commented that he thought it was a good place to start off his Cabinet tour.

The Premier went on to say that it was his government's policy to maintain a balanced growth in towns outside the big cities. He stated that communities like Redwater must have the opportunities to grow and develop, hopefully creating incentive for the younger generation to stick closer to their hometown when they leave school.

The Premier continued, saying that it is important to Alberta for petrochemical industries to flourish here. As examples, Mr. Lougheed referred to the gas plant and fertilizer plant just outside Redwater. He stated that much of the raw product goes to Petro-Sar for refining in central Canada, resulting in removal of jobs from this area to the east. He said that the Alberta government is attempting to resist these labour transfers and keep these jobs in Alberta, particularly in areas similar to Redwater.

His second major concern was that the agricultural and petrochemical industries must both be strong, yet at the same time they should both bear equal emphasis. In some areas more importance is attributed to agriculture, while other areas stress the value of the petrochemical industry, but there must be concern for both, so that both can be strong.

He went on to say that Redwater should concern itself with the maintenance of the family unit, the creation of opportunities for youth, care of the aged, and the preservation of values and resources. He noted that Redwater has the potential to fulfill these needs.

In closing, Premier Lougheed told residents that it is his duty and the responsibility of the MLA to serve the Redwater area, and that he had enjoyed the opportunity to meet its people. He thanked everyone for starting off his tour in such a gratifying manner.

Mayor Konasewich then thanked the Premier for his words and called on citizens with petitions and briefs to come forward.

First in line was Mr. Melenka, representing the president of the Redwater and District Pioneer Club, which has members ranging in age from 65 to 93. Mr. Melenka briefly thanked the government for the \$1000 grants given to old age pensioners for use in home repairs and renovations.

Mrs. Jegard, vice-president of the General Hospital Board made a succinct presentation concerning the hospital. Mrs. Jegard stated that the hospital is presently running at an 88 to 105% occupancy level and a further

16 beds are needed. Presently, there is a total of 34 beds in the hospital, with 26 active. Included in the total are six cribs and six pediatric beds. She also pointed out that there is also need of a physiotherapy room, space for fluoroscopy and a fire-proof room for storage of medical records. She mentioned that local service clubs have offered support for the physiotherapy room. Mrs. Jegard also noted that the board has taken a negative attitude toward Bill 41 as submitted to the legislature. In closing, she thanked Mr. and Mrs. Topolnisky for the aid they have given the hospital and the town.

Mr. Walter Wolanski was next in line and brought forward two concerns. Both dealt with the transfer of land which occurred when the MD of Sturgeon took over some land previously under the jurisdiction of the County of Thorhild.

Mr. Wolanski stated that assets and liabilities involved with this land transfer should be settled as to what is fair according to the area involved. He also pointed out that since the exchange of land a hospital ward had been split between the MD of Sturgeon and the County of Thorhild with no representation as yet from the MD. He was concerned over the lack of representation.

Ag. Society President Alex Bochanesky thanked the government for the annexation of lands from the County of Thorhild to the MD of Sturgeon, saying the change brings many benefits to the farmers of the area.

Mr. Ted Benedict spoke next, representing the parents of school children who were said to be adversely affected by the transfer to the MD of Sturgeon. He told the Premier that some 30

students were being transported privately to the schools at Redwater as there are no more school bus services extended to the people in the transferred area. The students must be bused to Radway or Thorhild, but the students and their parents want to remain in the Redwater schools. He remarked that many petitions had gone out to the MLA, the MD and the County, all to no avail and the problem still exists. He said that the parents would like to see an imaginary line drawn to encompass all children in that area immediately, giving them busing privileges to Redwater schools.

Mayor Konasewich thanked the petitioners and in closing presented two concerns of the Town of Redwater. The mayor emphasized the need for nursing home facilities in Redwater and expressed the community's desire to establish a provincial-civic centre to house both provincial and civic departments.

With time running out, Mayor Konasewich thanked the Premier and MLA Topolnisky for coming to Redwater. After thanking those participating, Premier Lougheed presented the mayor with a plaque as a memento of the visit. The Premier, in turn, was presented with a decorated egg by an unidentified lady.

The Premier then made his way out of the Multi-plex, surprised and pleased at the sight of the school children waiting outside in the cold wind and rain. MLA Topolnisky and Premier Lougheed shook hands and chatted with some of the students as they made their way to the helicopter. Then the party was off to visit other Alberta centres.

# Grand Opening

## THURSDAY, JUNE 1st

**FREE**  
Coffee Or Drink  
(Regular)

**For The  
Grand Opening**

Effective June 1 to June 4

Hairdresser Ziad Jaber is hoping his new restaurant will be a cut above the rest.

After all, the Big M, offers more than your average hamburger.

Specialties on the menu include mouth-watering shish-kabob and shawarmma, (a tastebud tingling roast beef sandwich seasoned with 12 different spices, a special sauce and barbecued tomato).

But Ziad and his partners in the new restaurant, brother Wajih and father-in-law Jamil Jawhari haven't forgotten good old traditional Canadian food. Regular hamburgers made only with fresh Alberta beef and pancakes are sure to be crowd pullers.

English style breakfasts of bacon and eggs are available from 8 a.m. to 11 a.m.

This mixture of Canadian, English

and Middle Eastern food adds an exciting international flavour to the new restaurant. "This is our first restaurant in St. Albert but we hope it won't be the last," said 27 year old Ziad who came to Canada 11 years ago.

"St. Albert is growing and we hope to grow with it," he added.

Ziad is well known around Edmonton. He runs the hairdressing salon at the Hotel Macdonald and lists Premier Lougheed among his customers. His proficiency with comb and scissors already has won him a number of top awards both in Alberta and the U.S. "I'm not going to give up the Salon but, I intend to maintain a keen interest in the restaurant."

It will be open 8 a.m. through midnight, daily, with a staff of 16 to keep hungry customers satisfied.

**"We are here because of you"**

**208 ST. ALBERT TRAIL**
